NOTED S. A. GIRL ATHLETE MISSING

Reveal Split Among A. F. Of L. Leaders On Court Plan

PROPOSAL IS
ATTACKED BY
UNION CHIEF

WASHINGTON, March 16.—(UP)—The senate judiciary committee today revealed a split among leaders of the American Federation of Labor over support of President Roosevelt's judiciary program.

Letter Submitted
During testimony by President William Green of the federation supporting Mr. Roosevelt's plan, Sen. Frederick Van Nuys, D., Ind., submitted a letter from William Hutcheson, president of the powerful federation Carpenters' union opposing the court proposal.

In the midst of arguing among committee members as to the "propriety" of some of the questions volleyed at Green, Van Nuys produced the Hutcheson letter.

Opinion of Council
Green replied that he was presenting the opinion of the federation's executive council which he said he believed coincided with that of "90 per cent of the members of the A. F. of L."

Hutcheson's letter said it would be "one of the most devastating blows ever committed by congress to back the supreme court with six new members."

"Mr. Hutcheson does not agree with you, does he?" Van Nuys, a foe of the court plan, asked.

"Probably not," Green replied. "I am expressing the opinion of the executive board, which has power to act in these matters."

Sen. M. M. Neely, D., W. Va., interrupted to say: "Didn't Mr. Hutcheson serve on the Republican National committee in the last election?"

Members Object
Other committee members objected to bringing political matters into the discussion.

Green half rose out of his chair and, smiling at Van Nuys, asked:

(Continued on Page 2, Column 1)

CITY LIQUOR
LAW ADOPTED

City council last night gave final adoption to a new ordinance, providing more liquor control for Santa Ana.

The ordinance, effective in 30 days, prohibits drinking of any alcoholic beverage in any public place outside of a building and prohibits drinking in an automobile.

Furthermore, the ordinance provides the police officers, heretofore estopped from entering restaurants, bar-rooms or other places where liquor is served to the public, may enter such places to make arrests of intoxicated persons. The ordinance was adopted at request of Police Chief Floyd Howard and Police Commissioner Plummer Bruns.

The ordinance, amending ordinance 12, prohibits persons from appearing intoxicated in public and from appearing on any private property or any private house to the annoyance of any person. The ordinance is particularly aimed at drunk driving, Bruns stated.

INSISTS CAT GAVE
BIRTH TO PUPPIES

MIAMI, Fla., March 16.—(UP)—Veterinarians said impossible, but Laura Bedford insisted today that her Maltese cat had given birth to three kittens and two puppies.

She offered the litter as proof and defied anyone to disprove her story.

Said the veterinarians: "It never happened."

"We never heard of such a thing," said the biologists.

CLASH OVER SUPREME COURT PROPOSAL

A slam-bang verbal clash ensued when Sen. William Borah began to question Attorney General Homer S. Cummings, who had just read a prepared statement advocating reorganization of the supreme court at the senate's public hearing on President Roosevelt's proposal. Borah (seated at far left) insisted the proposal "very nearly abolishes the supreme court." Cummings (standing in center) leans over the table at which Borah's colleagues are seated, to emphasize his contention that the change is not only "proper, but legal and highly desirable."

COUNTY SURVEY
BY WPA SOUGHT

Preliminary approval by the San Diego office of WPA for a county sponsored project building for a transportation survey is expected within a few days, according to F. P. Jayne, head of the PTWW division of WPA in this county.

Jayne said that an outline of the proposed project, which will cost approximately \$9315 and employ 18 "white collar" workers for six months, had been submitted to him several days ago by the Orange County Planning commission.

He sent the outline to the San Diego office with a request that it be approved, prepared as a project and returned for forwarding to Washington, D. C., immediately.

The survey is first requested by the Orange County Transportation committee, a group representative of the Orange County Coast association and chambers of commerce in Santa Ana and the coast area. Through members of the committee the county planning commission requested the board of supervisors to sponsor the project and, after obtaining county sponsorship, prepared the project under direction of L. Deming Tilton, county planning consultant.

The survey, aimed at obtaining definite information on which the county group can base a program for obtaining speedy commuter service between Orange county and Los Angeles, will include a study of topography, existing use of property in the county, present railroad, bus and street car transportation, highways and every item that has a bearing on the problem, including the possibility of development of the coast as a residential area for Los Angeles business men, if adequate transportation can be obtained.

In the project submitted for approval the federal government will provide \$7500 and the sponsor \$1815. The request included two stenographers, two civil engineers, four accountants, four statisticians and six field clerks.

LONDON, March 16.—(UP)—Sir Austen Chamberlain, one of England's most brilliant statesmen and a member of the family which has been a guiding influence in British politics for half a century, died today.

Sir Austen was 73. He was a son of the famous Joseph C. Chamberlain of tariff reform and a half-brother of Neville Chamberlain, the brilliant present chancellor of the exchequer, slated to be next prime minister.

His was a career of climax and anti-climax, the tragedy of a man whose personal power in the house of commons was unequalled but who failed on two distinct occasions to attain the goal of his life—when it was almost within his grasp.

Under long hours of questioning, Miss Ludwig, a vivacious divorcee, held steadfastly to her statement that she knew nothing of the shotgun slaying.

Cable denied all knowledge of the crime. He acknowledged readily, however, that for seven years he had carried on a clandestine love affair with Miss Ludwig.

Death Calls
Adm. Hobson
Hero Of War

NEW YORK, March 16.—(UP)—Admiral Richmond Pearson Hobson, hero of the Spanish-American war, died today from a heart attack.

He was stricken at his desk in his home as he prepared to leave for his office.

Hobson came to sudden glory during the war with Spain when he sank the Merrimac in the harbor of Santiago de Cuba under the guns of the Spanish shore batteries.

It was planned that the Merrimac should block the passage into the harbor and thus shut in the Spanish fleet. Hobson only partially succeeded in his task but was acclaimed by the whole country.

Hobson was born at Greensboro, Ala., July 15, 1870. He was graduated from the naval academy at Annapolis in 1889 and immediately was appointed a midshipman.

He sank the Merrimac on June 3, 1898. On his return from the Spanish-American war Hobson was received as a hero.

"Hobson's Kiss" became a well known expression as a result of this tour. It was said that he was kissed by 417 women in Kansas City alone.

Hobson was 28 and just 10 years out of the naval academy when he was selected to take the collier Merrimac into the harbor in an attempt to battle Cervera's fleet, there to take on coal.

The actual purpose of the trip was not realized for the Merrimac, under heavy fire, drifted from passage before it finally went down.

Hobson, then a lieutenant, and the eight men under him all were picked up from the water by the Spaniards. They were held for five weeks and then released.

UNEARTH SCANDAL
IN WOMAN'S DEATH

CANTON, O., March 16.—(UP)—Police investigating the shotgun slaying of Rose Cable, socialite wife of Dubeer S. Cable, moneyed contractor, today unearthed a scandal which threatened to involve several prominent families.

Five Canton business men, all married and highly respected, were linked to the story of an apartment which Cable admitted maintaining in nearby Akron, O., for his 45-year-old mistress, Theresa Ludwig.

Authorities said questioning of Cable and Miss Ludwig had revealed that expenses of establishing and maintaining the Akron rendezvous were shared by Cable and the other men. The apartment was said to have been used for weekend parties and drinking.

Under long hours of questioning, Miss Ludwig, a vivacious divorcee, held steadfastly to her statement that she knew nothing of the shotgun slaying.

Cable denied all knowledge of the crime. He acknowledged readily, however, that for seven years he had carried on a clandestine love affair with Miss Ludwig.

MOONEY CASE
ACTION SLATED

SACRAMENTO, Cal., March 16. (UP)—The California senate today rejected a proposal to conduct a long hearing on the case of Thomas J. Mooney, convicted San Francisco Preparedness day bomber, and agreed to act immediately upon a resolution designed to grant Mooney a legislative pardon.

Sen. Walter McGovern made the motion to resolve the senate into a committee of the whole and call witnesses to discuss both sides of the Mooney case and conflicting opinions on the constitutionality of legislative pardons.

After a sharp, 40-minute debate, the senate defeated the motion, 24 to 16. Sen. Culbert L. Olson then asked to postpone action on the pardon resolution for one week, but Sen. William F. Knowland substituted a motion to act upon the resolution today. Members accepted the Knowland proposal and agreed to commence active consideration of the pardon recommendation during its afternoon session.

The resolution was approved by the assembly last week despite the opinion of Attorney General U. S. Webb that the legislature had no power to grant Mooney a pardon.

California's unemployment problem is almost as bad today as it was two years ago, despite the decided improvement in business and industry, the senate finance committee was informed today.

Relief Administrator Harold E. Pomeroy, answering the question, "Why do we need as much as \$48,000,000 for relief during the next two years if the depression has ended and business has improved as rapidly as reported?" said:

"It is impossible to anticipate with any degree of accuracy the amount necessary for relief. The proposed \$48,000,000 appropriation seemed the safest amount to provide, as it would be sufficient to carry a load of 40,000 to 50,000 cases."

(Continued On Page 2, Column 8)

NEW TRAFFIC
BOARD NAMED

Seven prominent Santa Ana men, including a city councilman, were named tonight by city council as members of the Traffic Safety commission who will assist in guarding the public welfare on Santa Ana thoroughfares.

They are: Frank Henderson, superintendent of schools, three-year term; Elmer Heidt, Auto Club of Southern California, three-year term; O. Scott McFarland, pastor First Presbyterian church, two-year term; Charles Swanner, former city attorney, two-year term; A. A. Hardy, Auto Club of Orange county, one-year term; and V. L. Motry, grocer and former exalted ruler of Santa Ana Elks, one-year term. Plummer Bruns, councilman and police commissioner, named as ex-officio member, will serve during term of his incumbency.

The appointments and terms of office were given following recent adoption of an ordinance creating the commission. The Rev. Mr. McFarland was the last man agreeing to serve upon the commission and agreed only after consulting his church board.

The safety ordinance, effective today, will provide for a meeting of the commissioners in the near future. Section 2 of the ordinance provides that the commission shall investigate any and all matters relative or pertaining to traffic safety measures or suggested improvements which may come to their notice.

The group will select a president at an early meeting and will employ a paid secretary, not yet named.

Rain Totals
For Season
At New Mark

	Storm Season Year	Last
Santa Ana	90	21.23
Anaheim	89	20.07
Fullerton	77	23.82
Newport Beach	85	15.91
Capistrano	131	23.39
Laguna Beach	92	19.41
Garden Grove	86	19.93
Brea	73	20.82
La Habra	70	19.44
Orange	73	20.82
Richfield	92	22.20
La Habra	102	23.37
Yorba Linda	106	24.61
Irvine	100	20.60
Johnston	120	21.15
Lambert	130	22.69
Limestone	132	28.18
Santiago Dam	150	27.49
Orange	119	25.59
West Orange	90	24.45
Villa Park	105	23.10
Oliver	89	21.90
McPherson	102	24.80
Campbell	88	22.76

Rain that in some sections of the county attained almost cloudburst proportions yesterday boosted rain totals for the year to a new high.

Starting shortly before noon yesterday the precipitation was general over the county, with the downpour reaching its height late in the evening. Shortly before 6 p. m. Santa Ana and the south coast area experienced its heaviest downpour, which continued for approximately two hours.

The heaviest rainfall was recorded at Santiago dam, where 1.50 inches fell in 24 hours. Limestone had the second heaviest fall with 1.32 inches recorded for the same period and at San Juan Capistrano, where it had been raining at intervals since Saturday, the past 24 hours recorded 1.31 inches.

In Santa Ana the 24 hour period recorded .90 of an inch bringing the seasonal total up to 21.23 inches.

For the first time in history, water is flowing over Santiago dam, located approximately two miles above Irvine Park.

REVEAL BIG
INCREASE IN
TAX RETURNS

WASHINGTON, Mar. 16.—(UP)—Treasury officials canvassed the greatest deluge of income tax returns since 1924 today, confident that they would total \$840,000,000, almost double the income tax collections of the first quarter of 1936 and approximately \$150,000,000 more than the collections of the "prosperity" first quarter of 1929.

6,500,000 Returns
Latest reports from all parts of the country to Internal Revenue Commissioner Guy Helvering indicated that approximately 6,500,000 returns, 500,000 more than anticipated, had been filed up to last midnight's deadline.

Numerous internal revenue offices throughout the nation found themselves short of income tax blanks. Helvering ordered emergency shipments to offices which could be reached in time. He authorized other divisions to use 1935 forms with the old date crossed out. More than half the returns were filed yesterday.

Generally improved business, higher wages, increased employment and innovations in the tax law were held responsible for the expected increase in revenue.

New Bills Issued
Secretary of the Treasury Henry Morgenthau Jr. is using the new revenue to retire \$300,000,000 of maturing discount bills and to pay \$156,000,000 interest on the public debt which was due yesterday.

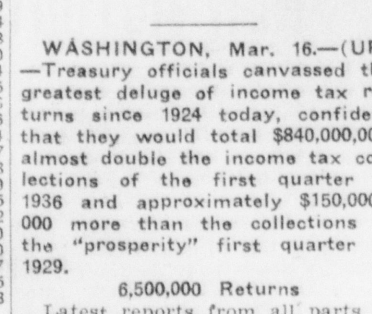

New bills, however, are being issued to replace those being retired so the treasury will have \$634,000,000 additional in its general fund.

Thus, there was no appreciable rise in the national debt, which now totals about \$34,700,000,000.

Administration fiscal experts anticipate that income tax collections in the June quarter will approximate \$700,000,000, sufficient to bring the fiscal year's receipts from this source up to the \$2,472,900,000 estimated in the president's budget.

DISAPPEARS
Miss Axia Goodykoontz,
graduate of Santa Ana High
school, who disappeared from
Palm Springs, where she was
employed as governess.

WIDE SEARCH
IS LAUNCHED
BY OFFICERS

Missing from the desert resort of Palm Springs for more than a week, police authorities throughout the state today are making frantic search for Axia Goodykoontz, 28, graduate of Santa Ana High school and prominent woman athlete and swimmer.

According to word received by The Register from Police Chief Lloyd Bolter of Palm Springs, Miss Goodykoontz disappeared early last week from the desert resort after leaving a note which indicated she might have contemplated taking her life.

The beautiful athlete had been employed as a governess by Mrs. Maxine Hinstorf in Palm Springs at the time of her disappearance.

The note she left, addressed to relatives said: "My body will not be found. I am going on a long swim. I am not silly enough to go to Balboa, Cal., but that is where I would like to strike out from."

At the time she left Miss Goodykoontz had about \$90, Chief Bolter said he learned.

Miss Goodykoontz, who was an expert swimmer, attended Santa Ana High school with her sister, Mary, who now is an instructor in physical education in Los Angeles high schools. Both girls lived in Balboa, Axia graduated from the local high school in 1925 and then went on to Santa Ana Junior college where she attended in 1925 and 1926 and then dropped out of school. According to high school and junior college officials, she was extremely popular and beautiful.

Efforts to contact Miss Goodykoontz's sister in Los Angeles have not fruit and police authorities in Orange county, especially along the coast line, are conducting a thorough search for the girl.

COUNTY AGENT
SEEKS RULING

A request to the district attorney today by County Purchasing Agent Eugene Fenelon, who wants to know whether county department heads can purchase their supplies direct, or must buy through his office, brought to life courthouse rumors that the new purchasing agent, like his predecessor, Dr. F. W. Slabaugh, is finding thorns in his bed of roses.

Revive West Rumors
These rumors recently have reported that Supervisor N. E. West, the board's committeeman for the purchasing department, who clashed openly with the former purchasing agent, Dr. Slabaugh, over administration of the department, is still actively engaged in guiding the present purchasing agent's affairs.

Whether this issue will again boil to the surface is a matter being awaited with interest in official circles. Before, it was a question whether department heads had the right to specify the type of product or service they wanted the purchasing agent to get for them. The argument centered specifically in the purchase of typewriters and the servicing of these machines.

Opposed Machines
The various department heads favored the machine and the service of the Tienan Typewriter company, of Santa Ana. Dr. Slabaugh, the purchasing agent, acted accordingly. Supervisor West, as committeeman of the board, violently opposed the Tienan preference.

Whether or not there were any political aspects to his stand, as rumored, he made an issue of the purchasing agent before the board of supervisors, and sought to obtain Dr. Slabaugh's resignation, but failed to get the necessary support.

At that time, District Attorney Menton issued West an opinion holding that the department heads had a right to specify what they wanted, though the purchasing agent probably was entitled to vary from their request, if it was more economical, and efficiency was not impaired.

Subject to Board Control
Menton informed West, however, that the purchasing agent was subject to control of the board as a whole.

(Continued On Page 2, Column 3)

SAYS DEATH NEAR
FOR L. A. SLAYER

LOS ANGELES, March 16.—(UP)—Mrs. Helen Wills Love, who decided to commit suicide "by will power" after being convicted on a murder charge, has reached a stage of "partial suicide," Dr. Victor Parkin, noted psychiatrist, said today after he examined her.

Dr. Parkin made his examination after Mrs. Love had passed 110 hours in the state of suspended animation. He had examined her during the murder trial as a state alienist to determine her sanity.

"Her physical condition indicates a state of partial suicide," Dr. Parkin said. "She is in a state of complete nervous exhaustion."

Dr. Parkin made his examination in preparation for a sanity hearing ordered yesterday by Superior Judge Frank M. Smith. He is one of a group of court-appointed alienists who will report on Mrs. Love's condition in two weeks.

3 DIE IN AUTO,
STREET CAR CRASH

TACOMA, Wash., March 16.—(UP)—Three Tacoma women were killed instantly and three others injured when their automobile and a street car collided in the North End early today.

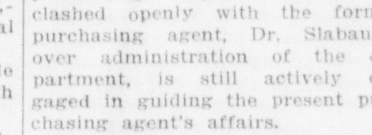

The dead: Mrs. Jesse Foults, Mrs. James R. Martin, Mrs. Bernice Brown.

(Continued On Page 2, Column 2)

MAKE YOUR BACK YARD
A SUMMER LIVING ROOM

Strange thought, this—a living room outdoors. But why not? Calm, sunny days, when thin wisps of clouds roll lazily overhead—bright, moonlit nights, stars piercing the distant heavens—such times call for family gatherings outdoors, where all nature can be enjoyed. But before this can be done, you must prepare the right setting, and that setting is a garden—flowers, shrubs, trees, a pool and other "furniture" that will make this a virtual living room.

You can convert your backyard into such a living room. Read how in the series of 12 articles written by Donald Gray, nationally known gardening consultant, in the Home and Garden Page of The Register, which will be a weekly feature starting Friday of this week, March 19.

EMINENT BRITISH
STATESMAN PASSES

LONDON, March 16.—(UP)—Sir Austen Chamberlain, one of England's most brilliant statesmen and a member of the family which has been a guiding influence in British politics for half a century, died today.

Sir Austen was 73. He was a son of the famous Joseph C. Chamberlain of tariff reform and a half-brother of Neville Chamberlain, the brilliant present chancellor of the exchequer, slated to be next prime minister.

His was a career of climax and anti-climax, the tragedy of a man whose personal power in the house of commons was unequalled but who failed on two distinct occasions to attain the goal of his life—when it was almost within his grasp.

Under long hours of questioning, Miss Ludwig, a vivacious divorcee, held steadfastly to her statement that she knew nothing of the shotgun slaying.

Cable denied all knowledge of the crime. He acknowledged readily, however, that for seven years he had carried on a clandestine love affair with Miss Ludwig.

FORMER ARIZONA
GOVERNOR PASSES

TEMPE, Ariz., March 16.—(UP)—Former Gov. B. B. McQueen, whose declaration of "war" on California and the federal government in 1932 skyrocketed him to national prominence, died at his home here this afternoon of a heart condition. He was 67.

The elderly former "country doctor," who was governor of Arizona from 1933 to 1937, was stricken with a heart attack a week ago yesterday. He was in a coma since late last night.

Dr. McQueen was a political unknown until 1932, when he crushed the powerful political machine of seven-time governor George W. P. Hunt and swept into office as Arizona's chief executive for two terms ending last January 4.

REVEAL SPLIT ON COURT PLAN

(Continued From Page 1)

"Did you also get a letter from our old friend, Dan Tobin?" Tobin, head of the teamsters, served on the Democratic National committee during the last election. Van Nuys laughed heartily. "Yes," he said, "I got a letter from Dan and he's heartily in favor of the president's plan."

Mr. Hutcherson is the president of one of the oldest labor unions in this country. He's a good American citizen, isn't he? The only point I want to make is that it wasn't unanimous," Van Nuys said.

"I have a high regard for Mr. Hutcherson," Green replied, "and under our system every one is entitled to their own political opinions."

The Hutcherson letter was presented after the committee had argued frequently concerning the line of questions directed at Green. Friends of Mr. Roosevelt's court plan objected to some questions by Sen. Edward R. Burke, D. Neb., and Sen. Tom Connally, D. Tex., as "personal" and "out of order."

Two new proposals to compromise President Roosevelt's supreme court enlargement program commanded attention of both friends and foes of the administration's plan today.

The new compromises:

1. A gradual increase in the court membership by probably two justices this year and by not more than one each following year until there were 15 members.
2. The Norris plan for a statute requiring 7 to 2 decisions to invalidate acts of Congress and for a constitutional amendment to limit the tenure of office of justices to nine years.

QUEEN MARIE IN WEAK CONDITION

BUCHAREST, March 16.—(UP)—Physicians expressed belief today that Dowager Queen Marie's illness was partly due to recent reducing treatments, which left her weakened when she was attacked by influenza.

It was said that physicians so far had been unable to establish the exact nature of the dowager queen's ailment but that they were confident she was in no danger.

Dowager Queen Marie slept for a few hours intermittently last night. She had no fever, but she was very weak and fainted yesterday evening. She lacks appetite and refuses solid food.

KEN Murray SAYS:

NEW YORK, March 16.—After reading about all these apologies going back and forth between Germany and the United States, it looks to me like, instead of conducting their business by international law, those diplomats will soon have to do it according to Emily Post.

The argument is really getting hot enough to melt that wax figure that Mayor La Guardia spoke so slightly about.

While I'm no authority on international relations, I would hate to see Secretary Hull get mixed up in one of those feuds with any dictator, as American statesmen have never had to have much experience in making fire looking faces.

You know, when two countries start sticking their tongues out at each other it may be annoying, but there's no use in really getting alarmed, until they start substituting bayonets for tongues.

County Orange Holds Own on All Markets

Southern California's oranges have the confidence of northern California consumers, despite the recent freeze, according to County Clerk J. M. Backs, who today related an incident he observed in Sacramento last week, while attending the state convention of county clerks.

A Sacramento visitor stopped at a market to purchase oranges, but was deeply suspicious. "Are these oranges frozen?" he demanded of the market attendant.

"I should say not," was the reply. "These oranges are from Southern California."

"Oh," said the tourist. "Then gimme a dozen."

STRIKERS FIGHT DETROIT POLICE

(Continued From Page 1)

The dramatic shutdown came after a night-long conference between Mayor Frank Couzens, the four hotel managers and officials of the waiters' and waitresses' association. The conference had been called to seek a settlement of a sit-down strike of Statler employees that had disrupted service to 700 guests, including Lily Pons, opera and movie star, and 40 members of the D'Oyly Carte Opera company.

Most of the guests in the Book Cadillac, Fort Shelby and Detroit Leland were unaware of the swift developments. They had retired last night, confident that the union would not carry out its threat to extend the Statler sit-down.

But early today, Walker announced that the conferences had failed to produce an agreement and that the hotels would be closed.

"We will close them unless the union beats us to it," he said. Ten minutes later, desk clerks at the Fort Shelby were telling incoming guests that they could not be registered. The Book Cadillac and Detroit Leland adopted similar tactics before dawn.

STATE BOARDS ASK INCREASE IN FUNDS

SACRAMENTO, March 16.—(UP)—Increased appropriations in the biennial budget for various state agencies, particularly the railroad commission, were predicted today following a hearing of the assembly ways and means committee at which department needs were presented.

Headed by Wallace Ward, chairman, members of the railroad commission explained the pressing needs of additional funds to conduct properly the functions of that body. They asked an increase of \$233,000 over the amount provided in the budget, \$857,601.

Other departments and the increase sought included: Franchise tax commission, \$18,000; state horse racing board, \$10,000; attorney general, \$12,540; state personnel board, \$75,977; state treasurer, \$19,470, and California code commission, \$20,000.

JAPAN TO REJECT PROPOSAL

TOKYO, March 16.—(U)—The Japanese government intends to send an early reply to Great Britain rejecting the British proposal to limit naval guns to 14 inches, it was reported today. Japan was expected to contend that the British proposal was contrary to the true spirit of disarmament.

COUNTY AGENT SEEKS RULING

(Continued On Page 2)

whole, not of the committeeman, unless the board had established a specific policy which the committeeman was carrying out.

The board has not established such a policy. When political control of the board changed January 1, West procured the appointment of Fenelon, a resident of his own district, and reputedly his political supporter.

But now, rumor recently has stated, Fenelon has been encountering some of the same troubles Dr. Slabaugh endured. The typewriter business remains largely with the Terman company, and Supervisor West is not happy over it, they say.

Supervisor Steele Finley of Santa Ana, is said to sympathize with West's attitude.

Whatever this may have had to do with the present incident, Fenelon today asked the district attorney for a ruling on the rights of department heads.

Mention ruled that department heads do not have authority to purchase their needs directly, but must file requisition with the purchasing department.

REBELS CLAIM NEW VICTORY

TALAVERA, Spain, March 16.—(UP)—Nationalist headquarters reported in a communiqué today that their forces had imposed a crushing defeat on the Loyalists in a "brilliant battle" on the Cordoba sector.

The insurgents claimed their forces in the Cordoba battle in the last 24 hours had "destroyed" one battalion of the Loyalists' international brigade and "cut to pieces" other foreign troops reported defending the Loyalist positions there.

The Nationalists reported that as one result of the Loyalists' defeat, they had occupied the town of Alcarajo on this front. The communiqué said the Loyalists fled the battlefield, leaving it covered with dead and wounded.

HENDAYE, Franco-Spanish Frontier, March 16.—(Uncensored)—(UP)—Gen. Jose Miaja's international brigade isolated a large body of Italian soldiers and a 500-truck army supply train at Brihuega today, frontier dispatches reported.

Loyalist aviation and artillery began an intense bombardment of the town of 5,000 persons, headquarters of Gen. Jose Moscarda, hero of the Alcanzar siege and commander of the left column in the Nationalist army's fifth offensive against Madrid.

In 24 hours of relentless pressure against the Italian allies of Gen. Francisco Franco, Nationalist commander-in-chief, the Loyalists drove forward from Trilqueque, in the Guadalajara sector northeast of Madrid, to encircle Brihuega and attack it from the rear.

AMELIA TAKES OFF TOMORROW

OAKLAND, Calif., March 16.—(UP)—Amelia Earhart Putnam announced today she will take off for Honolulu on the first leg of her round-the-world flight between 4 and 5 p. m. tomorrow.

Weather charts indicated conditions between the mainland and Hawaii will be satisfactory for overwater flying, she said.

Miss Putnam said she definitely had abandoned plans for a departure today.

"The weather is good enough so that I could take off today," Miss Earhart said, "but the weather bureau has indicated it will be better tomorrow. But the runway probably will be drier tomorrow, which is another important element to be considered."

"I have decided definitely to take off from the Oakland airport," she said, "depending, of course, on the condition of the field."

It was the third time Miss Earhart's departure had been delayed. Today the weather bureau reported that a storm between San Francisco and Honolulu, centering on the air route, was scattering. Clear skies were forecast for tonight.

41 JAPANESE GASED

TOKYO, March 16.—(UP)—The 41-one firemen were fatally gassed fighting a fire in the Osawa coal mine at the village of Kamikano, 100 miles from here, the home office was informed today in dispatches from Shizuoka.

If each community used its own local sun time, a traveler going east or west would need to change his watch one minute every 13 miles.

DE MOLAY "COUNCIL" STRIKES SNAG WHEN "BUILDING CHIEF" PRESENTS SWEEPING REPORTS

Civic Day for De Molay, lasting from 8 a. m. to 11 p. m. yesterday and concluding with a clever session of the acting city council, was described as one of the finest events in De Molay history here.

With the regular councilmen sitting in the audience as amused spectators, and with "City Clerk" Ed Vegey in the center of the council's semi-circular desk arrangement, the council meeting perhaps was the day's high light.

With Mayor Warren Mann in rare form, supported by fellow councilmen, Hans Bergstrom, police and building commissioner; Clyde Files, street commissioner; Ralph Pagenkopp, water commissioner; and Herbert Lycan, fire commissioner, the council action was carried on with scarcely a "hitch."

College "Condemned"

One of the first actions was to ask immediate consideration by a committee of the possibility of obtaining a new junior college building for Santa Ana, to replace the one now in use and which was condemned yesterday by Building Inspector Philip Yould after a thorough inspection tour with Harold "Rasty" Rasmussen.

First, however, the council suspended the reading of the last meeting's minutes, the city clerk pointing out there hadn't been any last meeting, as the one last night was No. 1. City Atty. Shelley Horton and City Auditor Hugh Neighbour corroborated the clerk's statement.

Yould's recommendation pointed out that Dean Calvin Flint's office, having long drapes, cut off too much light; the wood partition in the dean's office was a fire menace; all floors squeak due to insufficient underpinning. The recommendation listed many other evils.

Only Year's Delay

The council agreed a new building is a necessity. Pagenkopp recommended replacing 20 miles of two-inch water pipe with four-inch pipe to accommodate our growing population and protect from fires. Lycan commended the fire department and said tearing up the streets would be too expensive.

Called upon because he assertedly had not made a report on the police and fire civil service proposal, Joe Smith from the audience, explained he would have the report ready at the next meeting—the one the boys will hold next year. Assistant Police Chief Bill Musick was reprimanded and almost ousted from office because he assertedly locked fellow officials in jail but was spared from the embarrassment when Police Chief Dick Horton refused to recommend the ouster.

Many Arrested

Another high light of the day came during the afternoon in city court where Judge Bob Fowler held several local citizens at his mercy. They included Valjean McCoy, charged with larceny in high school classes; Glenn D. Cole, who escaped when he invited the judge and other officials to attend Walker's theater yesterday without charge; Charles Glens, druggist, charged with aiding and "betting"; and parking in red zone; Jud Sutherland, charged with selling illegal hats, fined 60 cents. Stein, charged with the judge on the flip of a coin and won return of his fine. "Red" Munsell also was arrested.

An interesting luncheon program was held at Masonic temple at noon, with a turkey dinner featured. The Rev. Harry Owings was principal speaker.

According to the General Observer: Tom Trawick, in a traffic squad uniform, was seen doing his hit, patrolling the streets with B. A. Hershey. Harry Reistab was marking cars parked overtime. Reistab and Norman Wyckoff expected to have city cars to do their

DEMAND END OF NAZI ATTACKS

BERLIN, March 16.—(UP)—The Nazi organ Der Angriff demanded angrily today that President Roosevelt intervene to curb attacks in New York on Adolf Hitler and Nazism.

Angriff carried under large headlines on its front page an account of an anti-Nazi meeting in Madison Square Garden in New York last night at which Mayor Fiorello La Guardia, John L. Lewis, General Hugh S. Johnson and others were speakers.

A line across the page in big type read:

"American Jew Leaders Insult the German Nation."

A heading underneath said: "Will Roosevelt Intervene?"

The paper did not especially emphasize the remarks of La Guardia, whose criticism of Hitler last week caused such a furor in Germany.

In an editorial, Angriff said it is now time for the German government "to ask Roosevelt to intervene personally and energetically" because the American government hitherto "has done nothing effectively to curb Jewish insults."

Col.-Gen. Hermann Goering, air minister, declared that re-arming of Germany under Hitler was "a foremost contribution to the maintenance of world peace" and not a menace to peace as foreign critics, including speakers at an anti-Nazi meeting in New York last night, have charged.

NEW YORK, March 16.—(UP)—Mayor Fiorello H. La Guardia's latest attack on Adolf Hitler was expected today to intensify at Washington and Berlin the strained diplomatic relations caused by his former denunciation of the German chancellor.

Using a German phrase, La Guardia said last night that Hitler was not worthy of being met on a field of honor "personally or diplomatically." Speaking at an anti-Nazi mass meeting, the New York mayor, who caused an exchange of diplomatic notes between Germany and the United States declared that Hitler was not "satisfaktionsfähig." He volunteered that the phrase meant "beneath accepting a challenge to a duel."

A less literal but closer translation would be "cad", or "yellow dog", persons who speak German said.

These familiar with the language said it was the "worst possible insult." Uttered by a German to a German, they said, it would mean a challenge to a duel.

ASKS SUSPENSION OF TOWNSEND TERM

WASHINGTON, March 16.—(UP)—Rep. Clare E. Hoffman, R. Mich., said today he will ask unanimous consent for speedy house action on his resolution seeking pardon from a sentence against Dr. Francis E. Townsend, old age pension leader convicted on charges of contempt of the house.

Townsend is at liberty on bond pending appeal from a sentence of 30 days in jail and a fine of \$100.

"Inasmuch as the court has established that Congress and the committee were in the right, there is nothing to be gained by sending Dr. Townsend to jail," Hoffman said.

"I know of no one in the house who actually wants Dr. Townsend to go to jail. Nothing would be accomplished other than to give the Townsend movement publicity. No one wants the courts used for that purpose."

RAIN TOTALS AT HIGH MARK

(Continued On Page 2)

In back of the dam is impounded 25,000 acre feet of water. At present, according to C. B. Redmon, custodian of the dam, between 25,000 and 30,000 miners inches of water are flowing over the spillway and into Santiago creek bed. He also estimated that approximately 1250 acre feet of water is flowing over the spillway every 24 hours.

Weather predictions for Southern California are for unsettled conditions today and more rain tonight. A torrential downpour created the worst downtown traffic jam in 10 years in Los Angeles, stalling trolley cars two hours, and for the street car company to take to the radio with assurances that "there has been no disaster."

Two big gas pipes, torn out by a Tehachapi mountains avalanche, were temporarily repaired by 50 men, working in shifts the last 24 hours.

40 et 8 Sponsors Second Show Bill

Sponsored by the Forty and Eight, fun organization of the American Legion, "The Gay 90s" farce presented recently by the drill team of the Santa Ana Legion Post, will be repeated tonight in the auditorium at Frances Willard Junior High School.

E. S. Sullivan, chef de gare of the Orange County Volture, Forty and Eight, said today that, in addition to the regular production plans have been completed for holding a bathing beauty contest in suits of 40 years ago.

DEATH NOTICES

A WORD OF COMFORT

You have had your part in molding the character of the one you love. God has done everything for that individual which he or she would respond to. Whether or not the one you love has as yet become all that God and you have hoped for, God loves that one as completely as if it were His only child, and He will never permit it to cease to exist.

In the Life beyond life, an individual persists with the character with which you have been come familiar, but grows stronger and better. You must keep pace with your dear one by striving to be at your best.

LYOYD—In Los Angeles, March 15, 1937, Frank Elmer Lloyd, 55, of Compton, Calif. Husband of Florence Belle Lloyd and father of Ralph, Kenneth, Francis and Kathryn Lloyd, of Compton; brother of Mrs. Jennie Paine, of Orange; Mrs. Jessie Duckett, of Santa Ana; Mrs. Annie Shields, of San Bernardino; Roy Lloyd, of Torrance and William Lloyd, of Libby, Mont. Funeral services will be held Wednesday at 10 a. m. from Smith and Tutill's chapel, the Rev. Robert Burns McAlay officiating.

CAMPBELL—Funeral services are to be held for Charles W. Campbell, 52, at the Gillogly funeral chapel, Orange, Thursday at 2 p. m., conducted by Dr. Robert Burns McAlay, pastor of the Orange Presbyterian church. Interment in Fairhaven cemetery beside his wife, Lincoln Alvan Allison, aged 70, Campbell passed away in Salem, Oregon, Saturday. Survivors are three children, Donald, Madge and Wilbertha, of Orange; his parents, Mr. and Mrs. John Campbell, and two brothers, Jack and Richard, of Salem, and another brother, Arno, of Washuena, Wash.

STEWART—March 15, 1937, at his residence, 2633 No. Main street, Santa Ana, Hugh M. Stewart, age 74 years. He is survived by three daughters, Mrs. Irene Thomas, of Santa Ana, Miss Elsie Stewart, of Los Angeles, Mrs. Ethel Gavin, of San Francisco; two sons, R. L. and Dan H. Stewart, of Santa Ana, two grandchildren and one niece, Mrs. Irene Willey of Santa Ana. Announcement of funeral service later by Brown and Wagner, 115 W. Seventeenth street.

KIBEL—In Santa Ana, March 15, 1937, Charles E. Kibel, of 619 Bush street, Santa Ana, aged 72 years. He is survived by his wife, Mrs. Sidney J. Kibel and one son, Clark W. Kibel, of Fullerton. He had been a resident of Santa Ana for 26 years. Funeral services will be held from the Winbiger's Mortuary chapel, 609 No. Main street, Thursday, March 18th, at 2 p. m., the Rev. Albert E. Kelly, pastor of the United Presbyterian church officiating.

ALLISON—At his residence, 1741 Grand avenue, March 14th, 1937, Lincoln Alva Allison, aged 70 years. He is survived by his wife, Mrs. Mary Beers Allison, and daughter, Helen Allison; a sister, Mrs. Grant Gullis, of Falls City, Nebraska. Funeral services will be held from the Winbiger's Mortuary chapel, 609 No. Main street, a day and hour to be announced later.

ALGER—In Monrovia, March 16th, Mrs. Cynthia J. Alger, aged 87 years. She was the mother of Mrs. Edna Cull of this city. Services will be held Thursday, March 18th, at 10:30 a. m. from the chapel of the Winbiger's Mortuary, 609 No. Main street, followed by interment in Fairhaven cemetery.

GEBO—Funeral services for Mrs. Mary Gebo, who died at her home near Costa Mesa, March 15, will be held Thursday at 10 a. m. from Smith and Tutill's chapel.

(Funeral Notice)

MEAD—Funeral services for Ralph W. Mead, who passed away March 14, will be held at 10:30 Wednesday morning in the Brown and Wagner chapel with Rev. Perry F. Schrock officiating. Santa Ana Lodge No. 241, F. and A. M. will conduct the services at Fairhaven cemetery.

ADVENTISTS TO ERECT TEMPLE

After S. T. Borg, pastor of the Seventh Day Adventist church here, submitted a \$100 bond, to guarantee the church would leave the lot upon which it expects to establish a tabernacle—at Wilshire and Sycamore streets—in first class condition after services are concluded, city council last night denied protests and granted permit for building of the tabernacle.

Seventeen persons entered a protest petition but councilmen declared they believed the "real" objectors totaled only three or four in number.

Charles E. Lindquist, resident of the neighborhood, appeared before the council, stating that when a wind storm came up following the closing of another tabernacle some time ago, sawdust was scattered about, doing \$50 to \$60 worth of damage, J. W. Dolman, also a nearby resident, said the traffic jam would be inconvenient there.

Promising adequate policing of the area during tabernacle services, Police Commissioner Plummer Bruns said the \$100 would lend adequate protection to residents. He said church officials also promised to aid in the policing. The tabernacle, where some 3000 will worship, will be erected for a period not to exceed six months. The bond will be held for 30 days after the tabernacle has been removed to insure a cleanup.

COUNCIL IS ASKED TO LEND AID FOR FISHING PRESERVE

Communication signed by Dan Mulherson, chairman, and Leslie F. Kimmell, secretary, of the Orange County Coast association, committee on Fish and Game, asking support of a new bill, creating a fishing reserve along the Orange county coast, was given by city council to Mayor Fred Rowland and City Atty. Lew Blodgett last night. They were asked to investigate and report.

The bill, prepared and introduced by Assemblyman Clyde Watson of Orange is a benefit measure for recreational fishermen, the communication said.

The communication suggested Santa Ana might help by providing funds to provide a lobbyist to help the measure along. Upon that suggestion, council did not look with favor. Auditor Lloyd Banks, however, did suggest local officials should take a more active part in Orange County Coast association meetings. Long Beach officials are "stealing a march upon us," he said. "I don't think we should rush into spending which involves lobbying." Councilman William Penn declared.

Two Wives Found To Be Too Many; Will Lose No. 1

Gilbert Fowler obtained what might be described as a temporary annulment of his marriage to Mrs. Helen Fowler. They expect to wed again, according to his attorney, Morris Cain.

The annulment was obtained because when their marriage occurred in Indiana several years ago, he thought he was divorced from a former wife, but later discovered he was not. He had started divorce proceedings but dropped them when he heard that the former wife had herself obtained a divorce from him.

Learning that no such divorce had been issued, and finding himself married to two wives, Fowler obtained the annulment yesterday of his second marriage, as a preliminary step in straightening out his marital tangle. It is understood that he will now seek a divorce from his first wife, to pave the way for a legal remarriage with the second.

Members of Santa Ana Lodge No. 241 assemble at Masonic Temple, 10:00 A. M., Wednesday, March 17, to conduct the funeral of our late Brother and Secretary, Ralph W. Mead.

Visiting Masons welcome. (Signed) C. E. SMITH, Commander.

COUNCIL NOTES

Communication for Ralph Shannon, Orange mortician, who recently asked a permit to establish a mortuary at 17th and Broadway, southwest corner, thanked the council last night for its consideration of the request, but stated that Shannon was disappointed in not obtaining the permit.

At request of Charles C. Hoff and J. B. Smith, who asked permission for necessary rezoning to erect a new South Santa Ana Church of Christ in the 1900-block of Cypress, council last night ordered the area posted so that any protests may be entered at hearing time, April 5.

The Home Oil company, which established a service station at 319 South Main recently, signed an agreement with the city and submitted it to council last night, agreeing not to hold the city responsible should it be necessary to remove its electric sign in case of widening of the thoroughfare later.

No protests being registered, Mrs. Margaret C. Carl last night was granted permit to have the southeast corner of First and Van Ness streets rezoned from single family residence zone to apartment house zone, so she may erect a new apartment house.

Requesting that residential property restrictions on land at Santa Ana boulevard and West Chapman avenue, opposite the Orange county hospital, be lifted so the owner, the estate of a Whittier woman, may sell to the Gilmore Oil company for a service station site, an appeal was submitted, council last night. The request was held over.

Petition of Flower street property owners that a setback line be placed on the thoroughfare between Washington and the narrow portion near Municipal Bowl, was taken under advisement for two more weeks, by council last night. It was pointed out that the planning commission is anxious that God be acquired on the west side between Eighth and Washington, and that the street be widened soon to eliminate traffic jams near the bowl.

J. F. Jacoby, county tax clerk, 125 East Pomona, appeared before city council last night, asking that Cypress avenue from Edinger street, south, be improved by street officials. The request was referred to Street Commissioner Ernest Layton and City Engineer J. L. McBride for investigation and report.

Although the next regular meeting of council is set for April 5, 7:30 p. m., on motion of Councilman William Penn, council will hold its next meeting March 23, 7:30 p. m., it was decided.

Under supervision of the city engineer, the Richfield Oil com-

TUSTIN CENTER TO HEAR ISHAM

A. E. Isham, field manager of the M. O. D., will discuss "The Valencia Marketing Outlook for the Coming Season," at the Tustin Farm Center meeting at 6:30 p. m. tomorrow.

The meeting which will be held in the Tustin high school cafeteria also will feature special entertainment provided by the Institute of Musical Arts of Santa Ana.

Frank Latham will make the director's report, while Mrs. Frank Jones will report on the Home Department activities, according to a report issued by Lynn L. Osterlander, president of the Farm center.

An agreement offered by the Owl Drug company by which the city will have permission to order removal of a hot water heating system tank from the new drug store headquarters, Fourth and Main, with 30 days' notice, was accepted by council last night.

The Southern California Edison company's local franchise tax, \$2682.49, was accepted by city council last night. The tax, representing six per cent of gross receipts, \$44,708.23, covers the year, 1938.

Petitioners Ask For Flood Check

Eighteen petitioners, property owners along the south side of Santiago creek, last night asked city council to give them adequate protection against future floods.

"We ask that an investigation be made of conditions now existing between Santa Ana boulevard and Flower street, with reference to the south bank," the petition declared. "We want the flood hazard removed."

The request was referred to the park commission and city engineer.

The engineer announced that a WPA project is being planned, in which the city's share of the cost would probably be \$10,000 or \$12,000. The project would consist of further retaining wall construction. He said the present retaining walls have withstood the flood waters remarkably well. All property owners have given easements for the work except one.

The milkwort plant has two kinds of flowers; one set growing above the ground and the other below ground on underground stems.

Electrical devices now carried on handcars quickly measure strains in railroad rails.

Ordering Mayor Fred C. Rowland to write letters on behalf of Santa Ana, to representatives in Congress from this district, city council last night went on record in support of a campaign by the League of California Municipalities, to have the National Banking act amended.

"It is to make it possible for banks which are members of the Federal reserve system to pay interest on public deposits," Richard Graves, executive secretary, San Santa Ana's endorsement of Sacramento, wrote in a letter, asking the campaign.

He asked that both Senators and Congressmen in Washington, be contacted by the mayor. The California league will push demands for an amendment to the banking act, to exempt public deposits from provisions of the federal law. It will save California several million dollars annually," Graves said.

Cards have been played in China, Egypt and India since the very dawn of time.

Local Business Men Ready For Banquet Tonite

Elaborate plans for the Santa Ana Business Men's association annual banquet and membership meeting at the Green Oak Cafe at 6:30 p. m. today have been completed. Phil Brown, secretary-manager announced today.

This annual affair is one of the outstanding Spring affairs in retail circles as it brings together practically all business men for an evening's entertainment.

Aside from a brief report by Brown and the introduction of new members of the board of directors by Plummer Bruns, president of the organization, the evening will be devoted to an elaborate program and will be presented by Jerry Hall, master of ceremonies.

Elaborate plans for the Santa Ana Business Men's association annual banquet and membership meeting at the Green Oak Cafe at 6:30 p. m. today have been completed. Phil Brown, secretary-manager announced today.

This annual affair is one of the outstanding Spring affairs in retail circles as it brings together practically all business men for an evening's entertainment.

Aside from a brief report by Brown and the introduction of new members of the board of directors by Plummer Bruns, president of the organization, the evening will be devoted to an elaborate program and will be presented by Jerry Hall, master of ceremonies.

the campaign. "Treasurers (including T. E. Stephenson) under the California law, are prohibited from depositing public funds unless a minimum rate of interest is paid and after August 24, 1937, under provisions of the National Banking act, member banks will be prohibited from paying any interest on demand deposits and only such interest on time deposits as the Federal reserve board may prescribe by rule and regulation."

He asked that both Senators and Congressmen in Washington, be contacted by the mayor. The California league will push demands for an amendment to the banking act, to exempt public deposits from provisions of the federal law. It will save California several million dollars annually," Graves said.

Cards have been played in China, Egypt and India since the very dawn of time.

89 Needy to Get Temporary Help

The problem of feeding 89 new relief cases just turned over to the county welfare department by SRA, during the six weeks interval before the regular county relief would be provided them, was handed by the county supervisors late yesterday to their welfare committee. Supervisor Steele Finley, of Santa Ana.

Finley was instructed to arrange for supplying temporary aid to the 89 cases. Since SRA supplies its aid in advance to its cases, those transferred had been given their aid up to March 17. The county aid would not, ordinarily, start until April 1.

The first amateur outdoor athletic games in America were held in New York on Oct. 21, 1871.

COUNTY ASKED TO REMIT CASH

The county must refund to the federal government about \$4500 of Newport harbor funds, representing the margin by which FWA exceeded its 20-per cent contribution to the harbor project, the county supervisors were notified late yesterday by FWA officials.

The money will be refunded from the \$121,000 surplus remaining after the harbor project was completed, it was said.

The board also was notified yesterday by City Engineer R. L. Patterson, of Newport Beach, that FWA wants a certificate of completion of the project, from both the county and the army engineers. A request will be sent to the army engineers to prepare such a certificate and provide the county with a duplicate, which may be forwarded to FWA.

The board yesterday authorized purchase of a new sedan for the sheriff's office, two old cars to be traded in on the deal.

Endorsement of San Diego as the site of the next state convention of supervisors was voted.

Hurricanes which blow at a rate of 80 miles an hour exert a pressure of 32 pounds a square foot.

IN 4 MINUTES

STRIKERS TIRE OF CHAINS

Three building service employees in Bronx, N. Y., chained themselves to basement ironworks in protest against their employer's refusal to meet union demands. When, after several hours, they tired of their martyrdom, loss of the keys to unlock the chains was discovered. So the police emergency squad was called to release them. Patrolman Adolph Yaeger is shown taking the names of two sit-downers.

SOLONS REFUSE TWO PLEAS FOR 'WRECK YARDS'

Wrecking yards were unpopular with city council last night as members unanimously voted to support the city planning commission and reject requests of two local men wanting permits for establishment of yards.

In the fact of a vigorous plea by R. D. Goetz, who argued that the rejection would keep him from earning a livelihood, council agreed to consider a new application which it advised Goetz to submit. Goetz declared he resented the term, "wrecking yard," inasmuch as he is operating a trailer construction business at his place, 2555 South Main, and doesn't want "to tear down but rather, to build." "I'm only taking automobiles apart and making trailers out of them," he said.

The place would be located on the rear of the lot and would be protected by an attractive six-foot fence, Goetz pleaded.

Seen As Unlikely

Councilman Plummer Bruns, particularly opposed to the Goetz request, declared Goetz had first told officials he was to establish a retail trailer business and then put in a wrecking yard.

Planning commissioners recommended denial of the permit but Goetz failed to appear before them to plead his case. The council expressed the opinion that Santa Ana did not want unsightly wrecking yards established along its heavily-traveled thoroughfares. When Goetz explained his plan, Councilman Joe Smith lent his support, asking reconsideration of the denial.

The second request denied was that of G. E. Tibbets who wanted to establish a wrecking and junk yard in connection with a garage business at 1732 West Fifth.

Annual Trek for 4-H Clubs Ready

Orange county 4-H club members will make their annual snow trip Saturday, March 20, Ross E. Crane, assistant farm advisor, announced today.

The party will meet at Olive at 7:30 a. m. and proceed in caravan formation to Fontana where the 4-H club members will inspect the U. S. Rabbit Experiment station. Dr. George S. Templeton will explain the results of experiments on feeding and disease control.

A stop is also planned at the Fontana Hog Ranch, said to be the largest of its kind in the world. The group then will go on to Big Pines for winter sports.

COUNCIL NOTES

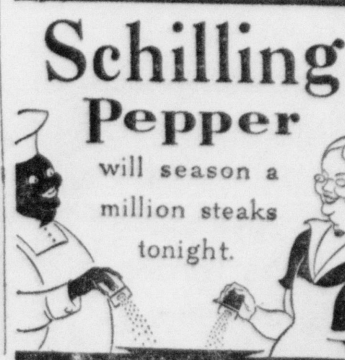

Melvin Gilham, 35, 1312 Martha lane, was granted permit by city council last night to operate a taxicab for the Courtesy Cab company.

C. M. Trusty, electrical contractor, last night entered a protest with city council in connection with proposed closing of the alley between South Main and South Sycamore street, in his neighborhood. He said the closing would be disadvantageous to business development in the neighborhood. A council committee was ordered to study the protest.

Application of Joseph B. Morallie for permission to conduct a commercial poultry yard at 924 West 17th street, for maintenance of 300 chickens, was denied by council last night on recommendation of the city planning commission.

Request of Dr. John McAuley, 311 South Main, for permit to establish his office in a cottage on the rear of a lot at 1319 North Sycamore, was referred to city planning commission by council last night. "We must give consideration to this request because Dr. McAuley bought this property before the fire station opposite, went in," Councilman Plummer Bruns said. "The residential value is lessened and I think consideration to a possible spot-zoning for him, should be given."

CAROLE LOMBARD TO COME SOON TO FOX WEST COAST

"Swing High, Swing Low," the new hit romantic comedy with music co-starring Carole Lombard and Fred MacMurray comes to the West Coast tomorrow for a limited showing. While a brilliant love story it is high-lighted by good music, dancing and bizarre and gorgeous settings. It is also a picture with many pleasant surprises for movie-goers. Beautiful Carole Lombard sings and dances in the film for the first time revealing talents which are certain to lift her even to greater heights of popularity, while MacMurray puts over some mean trumpet playing, an instrument upon which he is just as adept as he is on the trombone, with Charles Butterworth exhibiting his talents as a pianist.

But even though the picture is well-garnished with music and glamour, "Swing High, Swing Low" is essentially a love story, plentifully seasoned with humor and laughs throughout with the inimitable Charles Butterworth, as the professor. The story deals with a night club entertainer in Panama who falls in love with a happy-go-lucky adventurer, played by MacMurray. Through her insistence that he attend to business she develops him from a mediocre trumpeter to an international sensation. Fame goes to his head and he forgets the girl who made him, but he is made to realize that without her that he can neither play nor work. The climax is worked out through a series of serious and humorous incidents which eventually brings many a heart tug before the happy ending.

The role of "the other woman," is portrayed by Dorothy Lamour, the girl who captivated America in her first picture "The Jungle Princess." Miss Lamour sings several songs and leads a beautiful chorus of dancers in one of the Panamanian cabaret scenes. She's an attractive eye-fall.

Catchy musical and song numbers are to be heard throughout most capably contributed by MacMurray, Miss Lombard and Dorothy Lamour.

"Swing High, Swing Low," aside from its scintillating cast, should prove to be one of the biggest hits of the new season. Incidentally, that trumpet number of MacMurray's alone, should bring you back for a second sight-see-hear.

BAUXITE OUTPUT DWINDLING
LITTLE ROCK, Ark. (UP)—Arkansas bauxite deposits which required 1,000,000 years to be formed will be exhausted by 1977, according to the state geologist. The state's mines produce 90 per cent of the nation's output.

\$325,000 SEWER INSURANCE APPROVED BY CITY COUNCIL

City council unanimously voted in favor of \$325,000 worth of insurance for the Joint Outfall Sewer district last night, the action being subject to approval of City Atty. Lew Blodgett and other member cities and communities of the district.

The council, on motion of Councilman Joe Smith, accepted the plan of Mac O. Robbins, insurance man, by which the ocean end of the outfall line is protected for \$300,000 at cost of \$3000 for the first year and nothing for the second year if the line remains undamaged for the first year. Robbins' plan, in a secondary policy, also called for protection up to \$25,000 to the section of the sewer line now under repair, premium to cost \$250 for the year, the policy to be cancelled with completion of the work. The major policy does not protect the line up to \$1000.

Study Recommendations

Reconstruction of Section 1 of the joint outfall sewer, including construction of treatment plant and reconstruction of that portion of the line extending into the ocean, at a cost of \$539,330, was recently recommended by Clyde C. Kennedy, consulting engineer hired by Santa Ana.

Other members of the district are studying Kennedy's recommendations which call for reinforced concrete pipe construction. The costs were outlined as follows: Rebuilding Section 1 with 45-inch reinforced concrete pipe, \$268,000; treatment plant (recommended by state health officials), \$196,130, and reconstruction of ocean portion, \$75,600. Engineering expenses for the outfall, Section 1, would total \$18,000 and for the ocean section, \$12,000, officials announced. Kennedy's program must have approval of all members of the sewer district.

PRUNE MARKET SLUMPS

HOLLISTER, Cal. (UP)—Europe's armament race is having a serious effect on the California prune market. Germany, because of food rationing, virtually has quit buying prunes, while England and France have restricted their prune purchases. Even South America has curtailed on prunes.

Don't miss the WEST COAST OF MEXICO

If YOU INCLUDE the West Coast in your trip to Mexico, you'll see Mexico's second largest city—Guadalajara—a most exciting place to shop for pottery and bubble glass and bright sarapes. You'll see the Barrancas, a tremendous sweep of jagged mountains and deep gorges where the railroad was hewn through solid rock. You'll visit Mazatlan—a place of dreams and romance, for all the world like some hidden South Sea Island paradise. And you may want to stop at Hotel Playa de Cortez near Guaymas, Southern Pacific's new foreign retreat on the Gulf of California.

The present roundtrip fares to Mexico City and back are lowest in history. They permit you to go one way on the National Railways of Mexico via El Paso if you like.

For information and illustrated literature describing the West Coast of Mexico, see our nearest agent.

BACKS RENAMED TO STATE POST

County Clerk J. M. Backs was re-elected to the office of treasurer of the California County Clerks association, which held its annual convention in Sacramento last week, and also was named to the executive committee of the state organization.

Backs, who also served as treasurer last year, returned from Sacramento over the weekend, reporting that the clerks association discussed proposed legislation dealing with election laws and other affairs with which the clerks are concerned.

The clerks association had no recommendation to make regarding the three-day marriage law, Backs said. "We feel that is a matter purely and simply up to the will of the people," he explained.

The next convention of the clerks association will be held in Oakland.

Experts rank the 20 varieties of headaches as next to the common cold in causing the greatest loss in business efficiency.

MOTHER HELPED BY KELLOGG'S ALL-BRAN

"I have suffered from terrible constipation since the birth of my first child. I tried everything. Very reluctantly, I tried your ALL-BRAN with no faith in it at all."

"Much to my surprise, I have not had to take any medicine since starting to use ALL-BRAN."—Mrs. Doris Eyrre King, 16 Abbey Road, Oxford, England.

Common constipation is usually due to meals low in "bulk." Kellogg's ALL-BRAN supplies this needed "bulk."

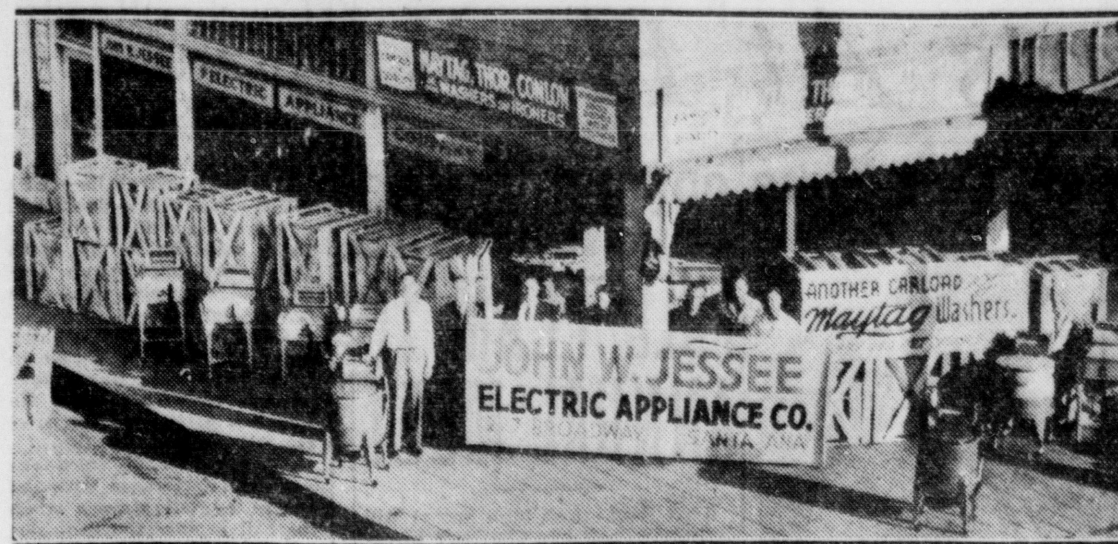

Within the body, this cereal absorbs twice its weight in water, forms a soft mass, gently sponges out the system. ALL-BRAN also furnishes vitamin B to tone up the intestines, and iron for the blood.

Enjoy this food instead of taking weakening pills and drugs. Serve as a cereal with milk or fruit, or cook into recipes.

ALL-BRAN is sold by your grocer. Made and guaranteed by Kellogg in Battle Creek.

CARLOAD OF MAYTAG WASHERS ARRIVE

Another carload of Maytag washers is shown in front of the John W. Jesse Electric Appliance company, 227 North Broadway. With an advance in price due April 1, the concern expects to move many of the machines it received last week before the price advance becomes effective.

EXCITED? WELL, WHY NOT? IT IS JUST LITTLE \$3,000 GIFT

Excited? Happy? Well, wouldn't you be if all of a sudden you received a wire informing you that you were the holder of a sweepstake ticket worth \$3000—maybe \$150,000?

Excited and happy are poor adjectives to describe Mrs. Dorothy Gibson's feelings. She's the holder of a ticket on the Irish Grand National to be run next Friday. The ticket didn't cost her a penny, and today it is worth \$3000. She stands a 30 to 1 chance of winning the grand prize of \$150,000.

Mrs. Gibson, an employee at the J. C. Penney store in Santa Ana, received the ticket as a present from her brother.

"No, Mrs. Gibson. Just what do you plan to do with all that money?"

Likes Her Work "Pay off some debts, first. Then have some money to sort of do things with."

"\$150,000 worth of debts, Mrs. Gibson?"

"Oh, no. I wasn't even thinking about the big prize. I haven't got that, you know. Just the \$3000 one."

"But what about the \$150,000 prize?"

"Well, really, I didn't think I had much chance of getting that, so I just haven't been counting on it."

C. OF C. LEASE TO BE UP AUG. 1

The county supervisors late yesterday voted to formally notify the Santa Ana chamber of commerce that its lease upon the site occupied by chamber of commerce offices adjacent to the courthouse annex on North Broadway, will be terminated August 1.

The action, taken on motion of Supervisor Steele Pinley, of Santa Ana, does not necessarily mean that the chamber will be forced to move either its building or itself from the site, officials said. It was understood that, having taken the necessary step to protect its rights, the board will continue negotiations with the chamber of commerce that may result in purchase of the chamber's building by the county, or continuation of the lease on the county's site.

The county is seeking space for expansion of the county welfare department's quarters, which adjoin the chamber of commerce building.

SLEEPER GIVES TAX FIGURE ON STANDARD OIL

State Senator Harry C. Westover, who wanted to know just how much taxes the Standard Oil Company pays to Orange county and the city of Huntington Beach, for reference in considering tideland oil legislation, was informed today by County Assessor James Sleeper "that Standard Oil is a pretty fair county taxpayer."

An average of \$80,000 per year to the county and \$52,000 to the city of Huntington Beach represents the Standard Oil company's record of tax payments from its holdings in the Huntington Beach field alone. These payments cover only mineral rights and personal property, Sleeper's records show.

Statistics Sent Out The average has held for the entire 16-year period since the Huntington Beach oil field was developed in 1921. During that period, Standard has paid the city a total of \$339,818.21 in taxes on mineral rights and personal property, and has paid the county \$1,270,590.20 on the same classes of property at Huntington Beach.

Sleeper forwarded the statistics to Senator Westover in Sacramento today.

Time of P.-T. A. Class is Changed

Sergeant J. F. McWilliams of Santa Ana police, who teaches Red Cross first aid as an avocation, announced that tomorrow's P.-T. A. first aid class, which generally meets from 9 to 11 a. m. at the Y. W. C. A. building, will meet between 8:30 and 10 a. m. at the same place.

The present P.-T. A. class, with 34 members, is the fourth first aid class led by Officer McWilliams since first aid study became a "habit" in Orange county. The regular time schedule will be resumed next week.

The proper way to lift a rabbit is to grasp him by the skin just behind the ears, not by the ears themselves.

Victor Herbert's 'Sweethearts' Is To be Given Here

Music lovers of Santa Ana will be offered the opportunity to hear Victor Herbert's light opera "Sweethearts" produced under direction of a former leading man in a professional company that toured the east with the production.

Herbert S. Bickel, head of the music department at the Santa Ana High school, will direct the two performances of the opera to be given March 17 and 18 by students in his department. The production will be given in the high school auditorium.

Bickel formerly played the leading role in "Sweethearts" with a professional company in the east. His professional work also has included light opera, oratorio and concert work. He is a newcomer to Santa Ana, having assumed his present position last September. Before coming to Santa Ana he taught in the Santa Monica and Santa Barbara schools.

Tickets went on sale this afternoon at the Santa Ana Book Store and will be available there until late Thursday afternoon.

Local Residents On Vacation Trip

On a short vacation trip to Santa Maria, Mrs. Ed Patmor, wife of the assistant building inspector, and son, Clyde, of the Excelsior dairy, have just left the family home at 930 South Birch street.

They will visit Mrs. Patmor's sister, Mrs. Fred Bunkleman of the northern city.

CHEMURGIC MEETING SET DEARBORN, Mich. (UP)—Representatives of agriculture, industry and science will attend the third Dearborn conference, May 25, 26 and 27, under the auspices of the Chemical Foundation and the Farm Chemurgic council. Advancing the use of American farm products through applied science will be discussed.

Twenty-eight states of the Union have laws providing for the compulsory or voluntary sterilization of mentally deficient persons.

BILL COLE LISTS THREE FRANCIS' ON ALL-TIME TEAM

Coach Bill Cole wishes there were more at home like the Brothers Francis—Sam, Paul and Dean.

Picking an all-time Tustin basketball team, the Tiller tutor lists all three of the sharpshooters of Dr. S. J. Francis, the Santa Ana choreographer who raises oranges in Tustin.

The other two-fifths of the first string he fills by naming Henry Thiery—speckled forward of four years and Cole's No. 1 player until Sam Francis came along—and Lawrence Monroy, the efficient guard of this season.

Here are the boys in Coach Cole's Hall of Fame:

FIRST TEAM
Forward Henry Thiery
Forward Dean Francis
Center Sam Francis
Guard Paul Francis
Guard Lawrence Monroy

SECOND TEAM
Forward Herb Lawrence
Forward Emmett Seacord
Center Harry Stanley
Guard Harry Holmes
Guard Don Johnson

It will be noted that Coach Cole honors three members of this year's champion quintet. I asked him about Vic and Walt-Linker, the other '37 members.

"Oh they're sophomores," explained Cole.

Coaches do not like to put trick ideas into the heads of budding underclassmen, studiously avoiding naming them to all-star creations. In Monroy's case there was just nothing Cole could do although Monroy is a junior, has one more season of competition. An all-star Tustin lineup without the nimble guard would be laughed out of print.

Few were the surprises in Cole's teams.

Sam Francis, of course, was a foregone conclusion at center. He is the greatest athlete produced at Tustin, probably the No. 1 basketball ever developed in Orange county. I dare say the black-haired senior does everything, and

maybe more, than Lee Guttero or Hank Luisetti did as high school boys.

There is no question about Thiery's fitness either. "Hen" was a ball-hawk of the Paul Francis type, one of those quiet birds who is always in the right spot at the right time. Thiery's record of four Tustin clubs from '28 through '31, two of 'em were undefeated in league competition.

Cole puts Dean Francis at forward with Thiery; they would make a deadly combination. Dean has been in Scotland for the past two years studying for missionary work in connection with the Latter Day Saints church. There is a

remote possibility that he, as well as brothers Sam and Paul, will enter Santa Ana junior college next year. Wouldn't that be something?

Coach Cole is justifiably proud of the accomplishments of his team this winter, yet he remembers with the fondness of mellowing age the deeds of some of his earlier champions.

He recalls vividly the exploits of Emmett Seacord, Herb Lawrence, Harry Stanley, Harry Holmes, Don Johnson (the Coast league ball player) and Ellsworth Teter, thinks they might give the Francis's, Thiery and Monday all the competition they wanted.

Incidentally, while fame usually follows athletic feats, Tustin's 1938 opponents will find Tustin plenty tough. The Francis menace will be gone at last, but Coach Cole retains three regulars from his mighty team of 1937. The Brothers Linker will take up where the Brothers Francis left off. Monroy is back. So is Millard Foster, a clever substitute who saw a lot of service this year. Harry Cooper, sub guard, is returning. Then there are three Class B graduates—Folger, Kiersey and Marshall—who should help.

No, the Tustin dynasty could continue for a while.

Spring Training Is Tough, But You Can't Beat Hours

By RICHARD McCANN
(NEA Service Staff Writer)

The fellow who first called it a spring training grind must have been the same guy who started the rumor about the world being flat or the same gentleman who conducted the Literary Digest poll.

He was that wrong. Now could any one possibly call a six-week excursion to Florida, all expenses paid, a grind?

The major league ball players, of course, like to. They grumble that it's a waste of time running around a park, that the town is too dead, the work is fatiguing and aches their winter-rusted muscles, and it's all quite bore some.

But that's just their way. The spring training "grind" is an excursion they look forward to. The only thing objectionable about it is the fact that they don't get any pay checks while in training. The major league owners don't start dealing out the salaries until after the first two weeks of the actual playing season.

Maybe that's just as well though, what with the dogs and the horses running all around the training camps, waiting to gobble up any loose green that may be growing in reckless pocketbooks.

IT'S A TOUGH LIFE
Perhaps, at one time, the training trips were grinds. Perhaps, once upon a time, the boys worked more than four hours a day—at the most—and, perhaps, the players didn't spend the rest of the time eating, sleeping, swimming, lounging on sun-washed porches or cool lawns, fishing, playing cards, attending the town bank night and playing golf.

But that's all they do now. Some managers work their players around the clock in the morning and two in the afternoon. But most of the major league pilots think two hours' work in the morning is enough. And when exhibition games are scheduled no one labors in the vineyard during the morning.

Of course, the first couple of days of spring training are rather painful, at that. After all, since the baseball season ended in the fall, most of the boys haven't been doing anything more strenuous than getting up out of the family Morris chair to open the door for the wife when she brings in the firewood. And so when they get out there on the field and start running around and throwing again their muscles get kinky. For the first couple of days the camp—which, incidentally, is usually the town's most exclusive and elaborate hostelry—is

overrun with a lot of stiffies. Strangely, the biggest stiffies. They dash into the business of getting into shape with such vim and vigor that they smell from liniment for weeks on end.

Veterans, however, know how to pace themselves. They usually are allowed to follow their own training routine. They run when they want to, throw when they want to, and quit when they want to.

ONE MEAL AFTER ANOTHER
The ball players arise around 8 or 8:30 in the morning, dress leisurely, eat breakfast as hearty as any prisoner, and then drive in their own car or ride in the club bus out to the ball park. Practice usually lasts from 10 to 12 when the boys go back to the hotel and eat again.

Unless they are working for a tycoon, or there is an exhibition game on hand, they have the rest of the day to themselves. What a grind, eh?

Some managers object to golf when the exhibition schedule begins on the grounds that the boys should save this energy for the ball field. Clark Griffith of Washington, however, has a different reason. Garland Braxton got so sun-burned playing 27 holes of golf in one day when he was with the Nationals about 10 years ago that he couldn't pitch for two weeks. Griffith now bars golf after the first two weeks of training until the end of the season.

Hearts, rummies, pinocle and bridge are the popular card games with the big managers. Very few of them play poker, most managers having prohibited this game long ago because of the dissension it frequently causes.

LET'S FREE THE SLAVES!
In fact, managers are careful to see to it that whatever card game the boys play is only for small stakes—such as nickels, dimes and quarters. They don't want the second baseman mad at the shortstop for bluffing him out of a \$37.50 pot, nor do they want any fellow to brood over gambling losses.

But the players—anyway. It's tough, don't you know, to have to drag yourself away from the slush and sleet of the north and slave away under burning tropical suns for as long as two and four hours a day. Why, it's murder, no less.

And 'necnon ought to do something about it.

today to play the Boston Bees in an exhibition game. En route from Miami last night, Terry and Coach Frank Snyder stopped in Tampa where they had a long conference with Manager "Chick" Dressen and General Manager Warren Giles of the Cincinnati Reds. All denied that a "big deal" was on the fire.

DAYTONA BEACH—Baseball's two outstanding stars were missing from the lineup of the world champion New York Yankees and the St. Louis Cardinals as they met today in an exhibition game. First Baseman Lou Gehrig of the Yanks and Pitcher "Dizzy" Dean of the Cards were still on the holdout list. Outfielder Joe DiMaggio, latest New York recruit, to sign his contract, may arrive in time to join the Yanks today.

AVALON—The Chicago Cubs start exhibition games Wednesday and go out much training so far, because of rain and work on the playing field. A downpour prevented workouts yesterday.

TAMPA, Fla.—The hitting of infielder Charlie Gehrert purchased last winter from the St. Louis Cards, was outstanding in the Cincinnati Reds' camp today. Gehrert, who turned to regular play last year after a hunting accident that kept him from the first two seasons, smashed out a homer and a double yesterday.

MEHRINGER'S INJURY GIVES STEINKE BOU

BY PAUL VISSMAN

"Every Time It Rains, It Rains Pennies From Heaven," according to the song writer, but last night it was just plain old rain that fell around the Orange County Athletic club and prevented two of the wrestlers, scheduled for the weekly grunt-fest, from reporting for duty.

The "Red Devil," billed to meet Myron Cox in the second preliminary failed to arrive and Abe Youist, listed for the semi-windup against Rudy Strongberg, likewise failed to answer "here" when his name was called. Myron Cox, an obliging fellow, finished his job and then went back for the semi-windup, apparently working on a time-and-one-half-for-overtime basis.

Hans Steinke, giant German grappler, defeated Pete Mehringer, former University of Kansas All-American tackle, in the main event when Mehringer lost the second fall and was so severely injured that he could not return for the third.

Steinke and Mehringer had considerable difficulty keeping "Gentleman" Joe Vargas' attention riveted on "what goes on" in the ring. Both boys had to remind Vargas that they were wrestling and to "wake up."

Mehringer took the first fall in 22:25 minutes with a series of flying tackles and a body press. Vargas warned Steinke several times about kneeling Mehringer in the neck.

Steinke took the second fall in 12:42 with a series of boomerang throws that injured Mehringer's right shoulder, making it impossible for him to continue.

Strongberg defeated Myron Cox, in Cox's second appearance in 11:05 with a body slam.

Cox won the second preliminary on fouls after Fred Canone, one of the rougher boys from Chicago, had fouled him five times.

In the preliminary "Young" Stecker, a clever Orange county boy who has gone wrong and started wrestling, held "Wild Man" Zim and the referee to a 20-minute draw. Stecher outclassed Zim all the way but could not overcome the referee handicap. At one time he held Zim's shoulders on the mat long enough to have recited the Ten Commandments, but the referee apparently was making out his income tax. Anyway he didn't see Zim's shoulders on the floor.

Approve Track Meets Between Coast, Big Ten

BERKELEY, March 16.—Kenneth Priestley, graduate manager of the University of California, announced today that the ten colleges and universities of the Pacific Coast conference had approved plans for a Pacific Coast conference-Big Ten competitive meet at Los Angeles June 25 and 26, a week after the N. C. A. A. championship here.

The meet will bring together the best track and field performers of the Pacific Coast and Middle West in one of the first large-scale intersectional meets ever held in the country.

Priestley said athletic officials of the ten Western colleges—University of California, Southern California, Stanford, U. C. L. A., Washington, Washington State, Oregon, Montana and Idaho—had given unanimous approval of the proposition to meet in a poll conducted by the University of California.

Competitors for the meet will be selected at Big Ten and Pacific Coast conferences sectional championships to be held previous to the dual meet.

ADVENT CHRISTIANS NEAR CHURCH TITLE

Tustin's Advent Christians moved another step nearer the Santa Ana Church league basketball title last night when they humiliated the South Methodist quintet, 35 to 13, at the Y. M. C. A.

In the secondary feature the Santa Ana Nazarenes were the victims of the First Baptists, 35 to 23. The Church league will be climaxed Thursday night when the undefeated Christians meet the Brethren for the second half championship.

Ralph Smedley, Y. M. C. A. secretary and league director, is now formulating plans for an inter-league tournament which will be run off following the regular church and commercial league seasons.

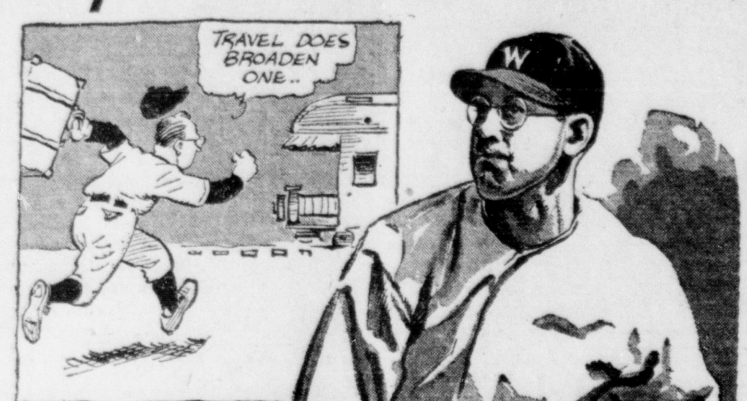

The summary:

Nazarenes (23) (35) Baptists
Smith (7) P. (10) Ritter
Lombard (5) P. (11) Lawrence
W. Swafford (2) C. (15) Ritter
Skiles (8) G. (2) Skiles
Dunham (4) G. (2) Skiles
Substitutions: Nazarene—Messers
Cox (2), Lester, Methodists—Mosier, McIntyre.

Advent Christians (35) (13) M. E. South
A. Stone (8) P. (12) Levens
Padias (10) P. (5) Creach
H. Spangler (1) C. (2) B. Spangler
C. Stone (10) G. (2) Skiles
H. Sear (4) G. (2) Skiles
Substitutions: Advent Christians—
Cox (2), Lester, Methodists—Mosier, McIntyre.

MEN AND MACHINES RUN FASTER, BUT NOT HORSES

Track and world racing records are being clipped regularly, but horses aren't any faster. Indeed, they aren't as rapid.

The phenomenal times are made possible by tracks where the operators have learned to combine speed and safety in the same surface.

No two courses are identical, although they may be of the same specifications, designed by the same architect, and built by the same contractor.

Until now, architects have faced this dilemma. They could sacrifice safety for get-up-and-go by skimming the track down to a surface as hard as cement, or they could sacrifice speed by deepening the cushion to the point where it would be safe even for confirmed cripples.

Saratoga always has been an example of a deeply cushioned and slow oval. It is nearly three seconds slower than Belmont Park, for instance. Bainbridge Park of Cleveland has a skinned surface which is lightning fast. But many a trainer has refused to risk the limbs of their charges there. That was one of the principal reasons why the Ohio Derby fell through.

SPEED AND SAFETY
Until recently, Belmont Park was the one exception. But now there are several other strips which have both speed and cushion, notably Hialeah Park, Santa Anita, and Bay Meadows. Hialeah is the best of the bunch.

Thoroughbreds don't fit to warm up animals like Man o' War, Equipoise, Twenty Grand, Discovery, etc., hang up records at these tracks.

If Finance, which isn't even a great sprinter, can run a mile in 1:35 1-5 at Hialeah, a steed of the caliber of Equipoise could shade it by two seconds. And what Man o' War would have done to that track record, had Big Red anything in back of him to give him a race, is beyond telling.

When Shark whizzed six and

Speed and cushion split records.

HORSES TAKE TO-HOLD
On February 2 of this year, Sally Shall raced three furlongs at Hialeah in 33 seconds flat to tie the world record held jointly by Airplane and Balking.

Altogether this season at Hialeah one world record has been broken, one equalled, six new track records established, and four track records equaled.

The lightning speed of the course is causing no end of amazement among turf followers, for it has been pronounced by veteran horsemen as one of the safest strips in the world, and this is borne out by the fact that to date no injuries have been sustained in actual racing or workouts.

"The cushion of the track is the deepest of any I have seen," says John Keegan, Hialeah track superintendent. "The track itself is composed of natural marl mixed with sand pumped out of Miami Bay. I attribute the speed to the very solid foundation underneath the cushion. Horses are able to obtain a toe-hold, so to speak. The ground doesn't cup or give way under them."

When Shark whizzed six and

Speed and cushion split records.

GREENE SENDS FULL TEAM TO ANNUAL MEET

That Santa Ana high school will definitely challenge Chaffey's three-year domination of the Southern Counties track and field championships Saturday was seen today in the entry list of 27 that Coach Reece Greene sent to Huntington Beach officials.

The Saints will have representatives in every event, and with a fair shake of the breaks should finish among the leaders although Chaffey and Montebello are the early favorites.

Greene's entries follow:

100—Jerome Duffy, Wayne Piper, Jack Marr, Bob Kelchner.
220—Harry Adams, Howard Elliott, Dalton Lutz.
440—Jon Johnson, Worth Elliott, Melvin Barron.
880—Robert Newton, Byram Bates, Bob Pollard, Dearing Wagner, Jim Elliott.

1 Mile—Capt. Herschel Whitney.
High hurdles—Eugene Hamaker.
Low hurdles—Dwight Nott, Jim O'Connell, Raymond Herman, Maurice Young, Tom Engelman.
Broad jump—Nott.

High jump—Johnson, William Hemmen, Wendell Tedrow, Robert Frias.
Pole vault—Hamaker, Laurence Dresser.

Shot put—Allen Patterson.
Relay—Nott, Duffy, Piper, Adams.

Because the Saints open their Coast league dual meet schedule against Long Beach here Thursday, Coach Greene will limit his athletes to one track and two field events at Huntington Beach.

Don Athletes to Box, Grapple at Big Sport Show

Calvin Flint, dean of men of Santa Ana Jaycee, will referee the wrestling matches at the Don's big sports show in Andrews gym tomorrow night. Flint was a member of the Stanford wrestling team while a student there. Oliver McCarter will handle the boxers, besides putting on an exhibition with Maxie Moore.

Boxing matches include Moore vs. George Hill; Fred Lentz vs. Arnold Fickie; Fred Pimental vs. Gene Lettrick; Bob Swanson vs. Charles McIntyre; Larry Trickey vs. Paul Christl; Wrestling—Dick Tauber vs. "Rusty" Roquet; Fred Titensor vs. Dick Shepard; Hal Pottorf vs. Pete Kotler; Clyde Piles vs. Burns Drake.

Neil McDaniel, president of the student body, is promoting the affair, being held under the auspices of Don letterman.

FARR WOULD FIGHT NEUSEL, NOT BAER

LONDON, March 16.—(UP)—Tommy Farr, who won the British heavyweight title last night, announced today that he wants to meet Walter Neusel of Germany next instead of Max Baer.

Baer is scheduled to meet Farr April 15.

Baer's manager, Ancil Hoffman, said: "Baer is contracted to fight the winner of the Farr-Ben Ford fight. A \$25,000 guarantee has been posted in a New York bank by Sid Huls who held the Farr-Ford contracts."

Huls, a British promoter, said he would have a statement later today.

Winner of the Baer-Farr match will meet Walter Neusel May 15, and the victor of that bout undoubtedly will be matched to fight Joe Louis, according to Brig.-Gen. A. C. Critchley, London promoter.

STEWERT SWITCHES THURSDAY'S BOXING

In trying to maintain a high standard of boxing at the Orange County Athletic club, Matchmaker George Stewart today made four switches for his program Thursday night.

Uley Harris will meet Maxie Moore, in the main event. Harris replaces Jimmy Dupree who is not going so good at this time. Other changes: Al Higgs, vs. Art Campbell; Frank Bach, Placentia, vs. Cornell Morrow; Larry Thomas, vs. Noel Mackey.

Don Lash, Indiana University's two-mile world record holder, will take up chasing criminals when he finishes college. He is studying police administration here.

COACHES READY TO ABOLISH CENTER-JUMP

CHICAGO, March 16.—(UP)—The National Basketball Coaches' association will vote today whether to file with the rules committee a recommendation abolishing the center-jump.

Coaches over the country appeared ready to throw in with the Pacific Coast conference, which pioneered the jumpless game, and its newest recruit, the Big Ten.

Clarification of rules regarding interference with the basket by tall players when the ball is near the goal, determining the proper bounding reaction of a legal ball and optional marking of the court so that backboards will be exactly four feet inside the end line, will be suggested.

RUGBY, TRACK HALTED BY RAIN

"Clearing tonight and tomorrow," says the weather man but his optimism comes too late.

The current rain already has forced either cancellation or indefinite postponement of the following athletic events: (1) The Santa Ana-Hollywood A. C. rugby match, scheduled for tonight at the Municipal Bowl; (2) a track meet involving Santa Ana and three other junior colleges against the U. S. C. Frosh; (3) a Santa Ana-Brea high school baseball game.

Yesterday the storm stopped a Don-Anaheim baseball game, a Don-Anaheim golf tournament, and a tennis tournament at Fullerton in which several Santa Anans were to have figured.

The Santa Ana-Trobabe track meet will be held sometime after spring vacation, Coach Bill Cook explained. No date has been set for the rugby game with Hollywood because the Dons open their open season Friday against Caltech and have a full schedule after that.

The Dons open their conference dual meet program at Fullerton Friday. Most powerful team in the division, the Hornets are topheavy favorites.

HOLD BURIAL RITES FOR JOHN O'BRIEN

LOS ANGELES, March 16.—Last rites were conducted here today for Johnny O'Brien, assistant football coach at Notre Dame and former star track and football performer there.

O'Brien was killed in an automobile accident at Chicago last week. His widow, Mrs. Leona Martin O'Brien, accompanied the body here.

O'Brien attended Los Angeles high school before going to Notre Dame. He was the son of a former Los Angeles postmaster, P. P. O'Brien. In addition to his wife and three children, O'Brien was survived by his widowed mother, four brothers and three sisters.

STEWERT SWITCHES THURSDAY'S BOXING

In trying to maintain a high standard of boxing at the Orange County Athletic club, Matchmaker George Stewart today made four switches for his program Thursday night.

ATHLETIC CARNIVAL IS PLANNED

NEWPORT HEIGHTS, March 16.—Over 200 persons will participate in the seventh annual Athletic Carnival of the Newport Harbor Union high school to be held in the school gymnasium on Friday evening, March 19, according to Ralph K. Reed, boys' physical education teacher and manager of the affair. Twenty-six different attractions will be included in the evening's entertainment, he stated.

The Los Angeles German Turnverein Gymnastic team, composed of 30 men and women, performing on parallel and horizontal bars and flying rings, will be featured in the show.

Included among the events by the boys of the school's Physical Education department and the H. Y. Klub will be wrestling and boxing matches, weight lifting and archery exhibits, foot shooting, journey finals, mass tumbling, and interclass obstacle races, and basketball championship games between the Seniors and Juniors of the school and between the Balboa Island and Costa Mesa teams of the Community League.

Music and clowns will have their part in this indoor circus, it was stated. The program will begin promptly at 7 p. m.

Benefit Affair Planned at S. B.

SEAL BEACH, March 16.—Members of the Huntington Beach Union High School Parent-Teacher association in this city will be hostesses at an afternoon benefit card party in the Civic auditorium on Tuesday, March 23, according to Mrs. Hans Schmidt, chairman of the committee in charge. Staging the party here instead of in one big party at the school is part of a new program adopted by the High School P. T. A., Mrs. Schmidt says, to reach a larger number of persons interested in the school.

Tables will be set up for bridge and 500, with prizes offered for high score and consolation, and refreshments will be served. On the committee with Mrs. Schmidt are Mrs. Ralph Mayes, Mrs. J. N. Scott and Mrs. William Taylor. Play will begin at 1:30 o'clock.

Grange Plans Hard Time Dinner

GARDEN GROVE, March 16.—This week's meeting of the Garden Grove Grange will be held in the Woman's Civic clubhouse tomorrow evening in place of the scheduled meeting on Thursday. It will take the form of a hard time dinner at 6 o'clock and will be open to non-members. Those attending are requested to come in old clothes and not to decorate the boxes containing the supper. Following the supper, there will be a program arranged by Mrs. Charles George.

At 8:30 p. m. Friday, March 18, the members are planning to attend a pot luck dinner of the Pomona Grange with the Wintersburg Grange as hosts, at the Midway City clubhouse.

School Heads Entertained

ATWOOD, March 16.—Mrs. Gladys Kjolstad, principal of the Richfield school, entertained a group of principals of the other schools of the Placencia unified district with their wives and husbands, and a number of teachers of the district at a tea at her home in Prea recently honoring Bruce Miller, principal of the Bradford school, and Mrs. Miller. Mr. Miller has taken the place of Cyril Collett in the Bradford school.

Mrs. Kjolstad had arranged a tea table with a lace cloth and bouquets of pansies. She served open face sandwiches, candies, cakes and tea. Mrs. Cora Pickenpaugh, Miss Vista Wyatt, Miss Myra Hevelly and Mrs. Marion Harlow poured.

SIDE GLANCES By George Clark

"Billy brought his camera, Jane her autograph album, and I packed an evening dress, in case we should meet any important people in Washington."

H. B. TO VOTE ON CHARTER APRIL 29

HUNTINGTON BEACH, March 16.—Residents of Huntington Beach on April 29 will vote on the question as to whether or not the city shall operate under a charter. Decision to place the proposition before the people was reached last night at a meeting of the city council which lasted until after midnight.

Plans adopted by the council last night and incorporated in the proposed charter, do not call for any noticeable change in the present city government set up. Municipal officials will be elected as in the past. A proposal to elect councilmen from wards was turned down by the council, and consequently, the city trustees will be elected from the city at large.

The council last night also passed an ordinance setting a license fee of \$500 per year on so-called "Traveling Stores." They also established a license tax of \$25 per day for "day to day" peddlers, with a minimum of 10 days.

Lagunans Arrange For Benefit Game

LAGUNA BEACH, March 16.—Under the combined auspices of the Laguna Beach Lions' club, the local Boy Scout Troop, and the Recreation Commission, a benefit game will be played by basketball teams tomorrow night at Laguna High School gymnasium.

Proceeds will go to the fund for amortization of the Scout Hut debt. Added attractions will be presented, and advance sale of tickets is reported as heavy, various organizations having secured blocks of tickets for their respective memberships.

The main event will be that between the Laguna Lumber team of girls, vs. the Hi-School Varsity Girl's Team, both very evenly matched. Following the girl's game, a second match will be played between the Men's All-Star Laguna Team, vs. Wilson's Service Team of Santa Ana, champions of the Santa Ana Commercial League.

Between times, exhibitions of tap dancing in solo and ensemble, will be presented by twelve pupils of Miss Patsy Callahan, teacher of dancing in the local night-school classes for adults.

Couple Honored On Anniversary

LIBERTY PARK, Mar. 16.—In observance of the wedding anniversary of her parents, Mr. and Mrs. D. W. Carter of Huntington Beach, which occurred Monday, Mr. and Mrs. Eber Flaws were hosts at a dinner given in their honor Sunday in their home at Liberty Park.

Following the dinner party the honorees were the recipients of a nice set of kitchen ware from the hosts. Included in the family party were the honor guests, Mr. and Mrs. Carter, Irene Carter and Dallas Carter and the hosts, Mr. and Mrs. Eber Flaws and their son.

Cooked Food Sale Is Planned

GARDEN GROVE, March 16.—Plans for a cooked food sale on March 26 at the Garden Grove hardware store were made by members of the Help One Another club when they met recently at the home of Mrs. Palace Freeman on Fourth street. Mrs. Marion McIntosh was welcomed as a new member.

Refreshments were served to the following: Mesdames Blanche Brindall, Dana Sergeant, Clara Holaday, Grace Mitchell, Estella Jones, Mervin Brown, Bessie Wylie, Ada Frazier, Ruth Bennett, Sylvia McDonald, Minnie Minor, Nellie Jesse and Marion McIntosh. On March 25 the group will meet with Mrs. Mervin Brown at Stanton.

THIS CURIOUS WORLD

By William Ferguson

ROMAN LADIES ONCE USED TOILET POWDER MADE FROM FINELY GROUND CUTTLE-BONE, THE INTERNAL SHELL OF THE CUTTLEFISH.

HUMMING BIRDS PREFER RED FLOWERS, AND MOST OF THE DEEP-THROATED FLOWERS, WHICH MUST DEPEND ON HUMMING BIRDS FOR FERTILIZATION, ARE RED.

THE CARPENTER-WASP BUILDS ITS NEST IN SOLID WOOD AND DIVIDES THE LONG TUNNEL INTO SEPARATE ROOMS BY CONSTRUCTING MUD PARTITIONS.

THE shell of the cuttlefish is located under the skin of the back. This product is often hung up in bird cages, that the birds may peck at it and obtain grit. Before the invention of blotting paper, pulverized cuttle-bone was used to absorb wet ink.

BUS SERVICE UNDERGOES NEW DEAL AT LAGUNA; RIOT WAGON PROVIDED FOR NAUGHTY DOGS

LAGUNA BEACH, March 16.—Various adjustments in bus service to, from, through and within Laguna Beach are in progress. With removal of the Motor Transit Santa Ana-Laguna Beach bus line depot to Beach and Ocean avenue, the line has acquired new rolling stock, the first modern unit of which is now in service. Two other up-to-date buses will be added within 30 days, to take care of the anticipated early season traffic. Kellogg and Rhinard are proprietors.

The Santa Fe Trails bus line will establish headquarters at Horace Dunn's Pipe Shop in the new Bank building now under construction at Forest avenue and the Coast boulevard. A regular meal-stop of 30 minutes will be inaugurated, the bus-stop being at the new Sandwich Mill, being built as part of the bank structure.

Not to be outdone, the local Hotel de Pooch has installed a modern Black Maria motor-bus dog-wagon, in which captured curs may ride in state. This vehicle, finished in chaste chocolate brown, has a back-stop platform, complete with handrails to be clutched by the dog-catcher as he brings up the rear of the tumbling headed towards the pound.

Thus, Laguna Beach becomes bus-conscious from every angle: Transcontinental, Inter-State, intra-state, local, and canine.

G. G. Pupils To Offer Program

GARDEN GROVE, March 16.—The first of a series of program assemblies to be presented by children of the Lincoln school will be held Thursday afternoon at 1 o'clock in the Washington school auditorium with all parents and friends cordially invited to attend. Later in the spring the rooms not participating at this time will take part in one of these assemblies.

Miss Marcella Turner, fourth grade teacher, is directing a play, entitled, "Wanted: Easter Eggs." Members of the cast are Hubert Deaver, Ralph Stuart, Noralee Newton, Ralph Reeder, Charlotte Steres, Lorene Davis, Barbara Williams, Joyce Littlejohn and Lloyd Carl. The following boys and girls from Matilda Hill's fifth grade will dance the minuet. Geraldine Hoganson, Molly Dols, Barbara Williams, Joy Holt, Donna Jean Munger, Robert Hall, Lamar Johnston and Stanley Barras.

Two numbers will be given by the fifth grade chorus under the direction of Miss Opal Knox; Mrs. Ethel Evans's third grade will demonstrate rhythm drill; a harmonica band will play under the supervision of Mr. Jones; June Ertchen will play an accordion number and there will be readings by Virginia Reed and Rolf Engen.

Market Outlook Topic at Meeting

TUSTIN, March 16.—"The Valencia Marketing Outlook for the Coming Season" will be the subject of the address to be given by A. E. Isham, field manager of the Mutual Orange Distributors, at the regular monthly dinner meeting of the Tustin Farm center at 6:30 p. m. Tomorrow in Tustin high school cafeteria. Lynn L. Ostrander, president, will preside.

Entertainment will include accordion music and special dance numbers given through the courtesy of the Institute of Musical Arts of Santa Ana. The director's report will be given by Frank Latham. Mrs. Frank Jones will tell of the recent activities of the home department and Mrs. L. R. Stearns will read the secretary's report. The Center will furnish meat, coffee, cream, rolls and butter for the dinner. Members and friends attending are asked to bring a hot vegetable salad or pie.

To Honor Fathers at P. T. A. Meeting

CYPRESS, March 16.—Fathers will be honored guests at the meeting of the P. T. A. scheduled for this evening. The speaker has been announced as the Rev. George E. Warner, pastor of the First Methodist Episcopal church of Santa Ana.

Report of the nominating committee including Mrs. C. Cawthon, Miss Marie McGinnis, Mrs. Harold Boos, and Mrs. Fred Mackey will be heard.

EMERGENCY TEST IS SUCCESSFUL

SEAL BEACH, March 16.—In the annual test mobilization staged here recently for the defense of Anaheim Bay post of the American Legion, 53 persons gathered at the city hall within 25 minutes after the discharge of the established call signal, the firing of three bombs.

The mobilization test is an annual event staged by the disaster emergency committee of the legion, but the time of the call is never announced. This year the bombs were set off by John L. Holland, chairman of the committee, and Clarence Thompson, past commander, at 5:55 p. m.

Responding to the call were 25 members of the legion, 12 members of the auxiliary, 10 sons of the Legion, Dr. Ernest F. Green, 2 police officers, the police matron and 2 members of the fire department.

Music Program To Feature Meet

BUENA PARK, March 16.—Artists from the Margaret Buttrick studio of music at Anaheim will present the program at the meeting of the Woman's club Thursday afternoon at the clubhouse. Mrs. Richard Nelson will be program chairman for the occasion.

Tea will be served following the program with Mrs. Bert Wells, Mrs. E. S. Glenner, Mrs. C. C. Chapman, and Mrs. S. W. Craig as hostesses for the afternoon.

A playlet by members of the drama section of the Fullerton Ebell club will be a feature of the April 1 meeting with Mrs. L. H. Tanquary as program chairman.

VILLA PARK

VILLA PARK, March 16.—Miss Jennie Hull, of Villa Park, spent the weekend in the home of Mr. and Mrs. Lynn O. Hanselman of Riverside, Sunday evening. She was accompanied home by Mr. and Mrs. Hanselman and their daughter, Beverly.

Charlotte Morrow was guest of Beverly Bertman recently, when they, with Miss Bertman's parents, Mr. and Mrs. J. Edward Bertman, of Orange, spent the day on the desert. While there they drove to Banning to view the almond blossoms.

Mr. and Mrs. Walter Adams were guests of Mr. and Mrs. John King of Costa Mesa Sunday afternoon. Mr. and Mrs. King have just recently moved to Orange county from San Luis Obispo.

Mr. and Mrs. George Holditch and sons, Stanley and Jimmy, of Placentia, and Mr. and Mrs. Bill Knuth and daughter Barbara of Villa Park spent Sunday afternoon in the home of Mrs. Ellen Holditch.

Visitors in the Charles Morrow home Sunday were Mr. and Mrs. Lase Sigler of Los Angeles.

Mrs. Annie Caldwell spent Sunday afternoon with Mrs. Nellie Samson of Anaheim, who is ill. Mr. and Mrs. Art Streech attended a Saint Patrick's bridge party Saturday night in the home of Mr. and Mrs. Alexander Perry of Berkshire Drive, Los Angeles.

Dinner guests of Mr. and Mrs. J. N. Adams and family Sunday were Mr. and Mrs. Lynn O. Hanselman and daughter Beverly of Riverside.

Bill Currier, son of Mr. and Mrs. George Currier of West Walnut street, Orange, is ill with the mumps.

Mr. and Mrs. H. T. Brewer and daughters, Cathryn, Betty and Harriett, of Villa Park, and Miss Bernice Brewer of Beverly Hills, were dinner guests Sunday of Mr. and Mrs. L. J. Brewer of Alhambra.

Waldo Miller of Sawtelle, cousin of Chauncey Squires, spent Wednesday night and Thursday in the Squires home.

Visitors Sunday in the home of Mr. and Mrs. Forest Talmadge were Mrs. Lou Grimes and Mrs. Lorene Phillips, both of Texas, who are spending the winter in Long Beach, and Mr. and Mrs. Clarence Elwell of Montebello.

Mrs. Grimes and Mrs. Elwell are cousins of Mrs. Talmadge. Mrs. Charles Thomson is spending a few days in Laguna Beach with Mr. and Mrs. Gilbert Johnston. She expects to return Wednesday.

Mr. and Mrs. Everett Berry and Mr. and Mrs. Charles Morrow were in the city recently to see the almond trees which are now in full blossom.

Mr. and Mrs. Art Streech and family, accompanied by Mrs. Streech's brother and his wife, L. and Mrs. Frank R. Bahn of Los Angeles, drove to Vista Sunday. They made a short visit in the J. M. Gloglio home.

Mr. and Mrs. John Schwitzer of Long Beach were visitors in the Ross Dell home Saturday evening. Later they drove to Santa Ana and spent the night with Mrs. Fern Hunt. Mrs. Schwitzer will be remembered as the former Miss Edna Bowser.

"Consider it all yours but first I want to know if you are going to ask me to marry you because if you are . . ."

"I'm not as a matter of fact. I'm telling you that you are going to marry me."

"Oh, so that's the way it is! You're going to be the Magnificent Brute, are you? Well, listen to me."

"I thought I had the floor."

She looked properly subdued.

"You are not only going to marry me but you are going to marry me tomorrow. Hand in hand we are going down . . ."

She captured one of those hands. "Darling," she pleaded, "don't lose your breath. Take it easy and tell me what this all means."

"It means that we are going to build castles in Spain."

"That's exactly what it sounds like to me. You're very lucky, Mr. Smith."

THE NEIGHBORHOOD LEAGUE

By CLUYAS WILLIAMS

THE LEADING BATTER IN THE LEAGUE ASCRIBES HIS SUCCESS TO SPENDING A LOT OF TIME IN THE OFF-SEASON PRACTICING THE BATTING STANCE MOST LIKELY TO TERRIFY AND UPSET THE OPPOSING PITCHER

TO OBSERVE ST. PATRICK'S DAY WITH TURKEY DINNER

SEAL BEACH, March 16.—St. Patrick's Day will be celebrated here with a turkey dinner open to the public, to be staged Tuesday evening at Civic auditorium in the city hall under the auspices of the Altar Society of St. Ann's Roman Catholic church, according to Mrs. F. C. Arndt, president. The affair will be the big spring benefit of the society, and is expected to draw a crowd from Surfside Colony, Sunset Beach, Los Alamitos, and Long Beach, the territory served by this church. Serving will start at 5:30 o'clock.

Committee members in charge of the affair are Mrs. E. J. Hughes, past president, Mrs. Markham, and Mrs. McLaurin. Mrs. McLaurin is in charge of the dinner, and Mrs. Arndt, Mrs. Hughes, Mrs. Mary Loftus, Mrs. Farrell, Mrs. Hugg, Mrs. De Sadilles, Mrs. L. Lerno, or Miss Grant.

Play To Be On Church Program

WINTERSBURG, March 16.—The play "Death Takes the Steering Wheel," which depicts a real happening on the highway as written by J. K. Hammond, head of the dry forces of California, is scheduled for presentation next Sunday evening at 7:30 o'clock at the Wintersburg Methodist church. The public is invited to attend. There will be no collection taken but pledges to the dry cause may be made at that time.

The cast for the play will be made up of local people and is as follows: Judge, Vernon Hall; district attorney, J. A. Murly, Jr.; defense attorney, P. Albert North, (assistant to Mr. Hammond); court clerk, E. Ray Moore; prisoner, Harry Letson; court bailiff, D. Wood; coroner, A. L. Hall; detective, Ted Case; victim's sweetheart, Elaine Dyson; star witness, C. C. Bergner. The jury will include W. P. Slater, J. F. Tucker, A. E. Hubbell, Ralph Clay, S. Atkins, Mrs. George Harding, Mrs. McAdam, Allen Young, Mrs. Raymond Beem, Mrs. H. Friend, Mrs. Marjorie Gardner, Mrs. A. Lewis.

BUILDING AT LAGUNA ACTIVE

LAGUNA BEACH, March 16.—With no indication of cessation, building operations continue apace in the city limits of Laguna Beach. Two major apartment-house buildings are to be erected in the immediate future, plans having been prepared and contracts awarded. A seven-unit apartment house with four garages, is to be constructed by Ropp and Mackey, 65 George C. Chalmers of Seattle at Huntington Beach, on a site 71 feet frontage by 112 feet deep, on Cliff Drive. Construction will be of stucco, with shingled roof, and the ground plan will utilize a "U" shape patio, around which the units will be grouped.

Lester McKnight has authorized construction of a \$30,000 apartment building, containing 30 rooms, to accommodate a minimum of eight families, with facilities for expansion, at upper Cliff Drive. Smith Brothers are doing the

DATE SET FOR ANNUAL PARLEY OF BEEKEEPERS

Orange county beekeepers will hold their annual meeting at the Farm Bureau hall, 622 North Main street, Friday, March 26, H. J. Crawford, chairman of the Beekeepers department of the bureau, announced today.

J. E. Eckert, professor of Agriculture at the University of California at Davis, has been invited to attend the Orange county meeting to give a progress report on

"Beekeepers Problems in California."

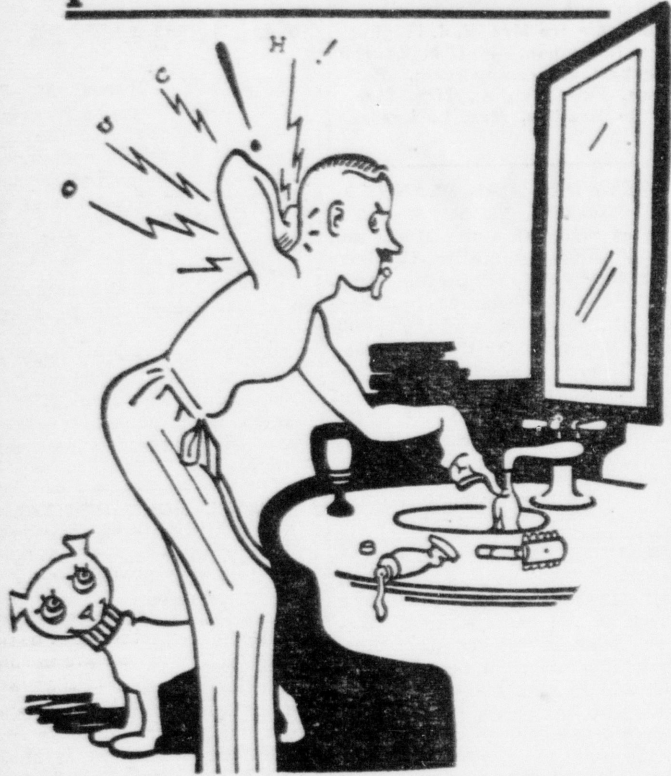

Others To Speak
Professor Eckert is one of the best known apary specialists and is well known to the state honey industry.

Henry Perkins, Los Angeles county apary inspector, W. M. Cory, assistant farm advisor, and others are scheduled to give talks of vital interest to beekeepers.

The meeting will be held under the auspices of the Beekeepers department of the Farm Bureau and the Agricultural Extension service. The committee in charge of arrangements includes R. K. Bishop, county apary inspector; C. E. Lush, L. B. Crawford, Percy Crump, W. L. Bell, Farm Advisor Harold E. Wahlberg and H. J. Crawford.

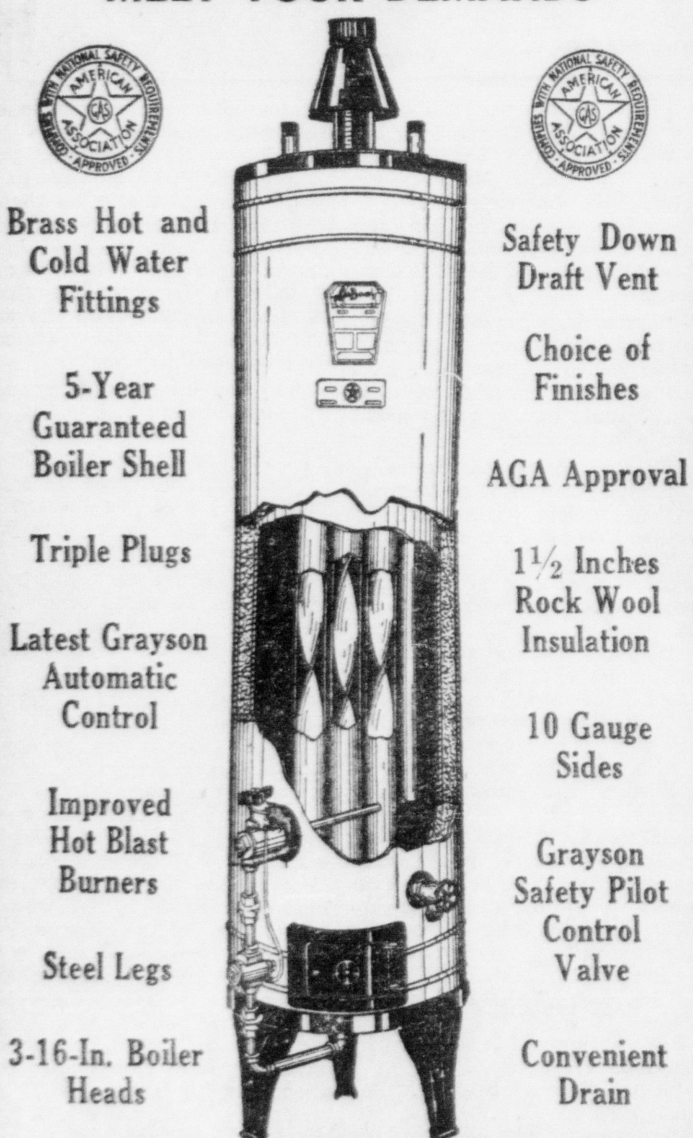

The "walking stick" is the largest insect in the world. Some tropical species grow 13 inches long.

Jimmy Fidler in HOLLYWOOD

HOLLYWOOD, March 16.—Amateur camera fans are making themselves a dangerous nuisance to the stars. Said one actor this morning, "They are autograph pests taking graduate courses." And before that crack brings me a barrel of critical letters, let me hasten to state that there is a vast difference between a "fan" and an "autograph pest."

Fans conduct themselves like ladies and gentlemen, and doubtless you are one. But autograph pests will sneak right into a star's boudoir to get a signature, picture, or trinket. The new camera menace is giving Hollywood nervous jitters. A star never knows when an amateur photographer will leap from behind a pillar and snap an uncomplimentary pose. It is not that players object to being photographed, but they would like a decent chance to be prepared, and not be pictured in the act of storing a forkful of potatoes in the mouth, or erasing a drop of gravy from the tie.

Barbara Stanwyck and Robert Taylor came to me not long ago with a plea to broadcast over radio

an appeal to these novice cameramen to quit. from behind trees to photograph on their morning horseback rides. Twice, Bar's horse ran away after being frightened by persons who appeared unexpectedly from roadside shrubbery.

A favorite trick of these camera hawks is to wait in preview crowds and catch a married actor in conversation with a woman other than his wife. Casually innocent meetings thus photographed might well prove grounds for malicious rumor. A pose of this sort may especially embarrassing if snapped at a moment when the principals are crowded to close quarters by push of the surrounding mob. One actress came to me a few days ago with tears in her eyes. She had in her hand a snapshot of herself, seemingly in near embrace with a certain married actor. The picture had been mailed to her by an anonymous fan, who accompanied it with a sneering letter. She was innocent, but what can she do? She

does not know who took the picture.

Strange things happen in this town. A few days ago, Hugh Herbert wore a waiter's uniform for a picture scene. For his talents, Herbert is paid \$1500 a week. Two days later, Hugh's brother Tom wore the identical uniform as an extra in another picture. For precisely the same scene, Tom was paid \$7.50.

Almost since inception, Hollywood has been a city of superlatives. If a studio produces a fair picture, it is hailed as a "wow." If the picture is really good, it is ballyhooed "terrific." And if it is very, very good (mind you, I admit that many of them ARE very, very good), it is surrounded with such terms as "epic" and "colossal."

So I was not surprised the other night when I attended a cribbage party at the home of Director Richard Wallace, and read the inscription on a tiny silver loving cup donated as a special prize by writer Lew Foster. It proclaimed: "TO THE CHAMPION cribbage player of the WORLD."

MAGDONALD, EDDY COME TO WALKER'S

Starting Wednesday, for four days, Walker's new theater will show Jeanette MacDonald and Nelson Eddy in "Naughty Marietta" and "The Plough and the Stars," featuring Barbara Stanwyck, supported by Preston Foster and players from the Abbey theater, Dublin.

"Naughty Marietta," Victor Herbert's classic operetta, is acknowledged one of the five greatest comic operas ever composed in America and its song hits have come down through the years with ever increasing popularity. Two of best remembered songs from the original operetta, "Ah, Sweet Mystery of Life" and "I'm Falling in Love with Someone," are exceptionally beautiful when sung by Miss MacDonald and Eddy, as duets.

The importation of the Casquette Girls from France to mate with the settlers in Louisiana, the New Orleans marriage auction, the battle of the Everglades, the pirate capture of the casquette ship, the Paris of Louis XV and other authentic and dramatic details of the founding of one of America's most romantic cities were woven into a thrilling adventure romance in the filming of "Naughty Marietta."

The story, "The Plough and the Stars," is based on the shattering effect of separation of a young Dublin couple, Eddy and Miss Stanwyck, whose lives are twisted and whose love is tortured, when the husband, despite his wife's pleas, takes his place as a combatant in the street fighting, during the Irish "uprising" of Easter week, 1916. To give a full and vivid panorama of the comedy as well as the tragedy and near-tragedy of this period, the story also shows the effect on a group of tenement dwellers who represent a cross section of Dublin at that time.

FINAL GOODWILL SESSION TODAY

The third and final session of business administration, in connection with the state institute of Goodwill Industries, which opened in Los Angeles Sunday, will be held there at 7 o'clock this evening, with Supt. George F. Angne, of the Orange county Goodwill Industries, leading the discussion.

The questions to be discussed at the session include "a board of directors or an advisory board. How can they be most active and useful?" and "Controlling your activities by using a functional staff."

Tomorrow's closing institute program calls for a tour of the branches, starting with the Orange county branch, Dr. Edgar J. Helms, founder of Goodwill Industries, will be guest of honor at a breakfast to be served at 9 a. m. in the dining room of the First M. E. church in Santa Ana.

The Santa Ana store and plant will be inspected before the tour continues to Long Beach.

W. C. T. U. Fights Proposed Permit

Members of the local Women's Christian Temperance union, representing 160 persons, entered a protest with city council last night against proposed establishment of a liquor place at the Shugart building, 311 Fruit street.

The protest was signed by Artie J. Warner, as president of the group, and 19 other officers and members. Council referred the protest to Police Chief Floyd W. Howard and ordered a letter sent to the union, advising them also to direct a protest to the state board of equalization, either at the local office or directly to Sacramento.

The three lines of stitching sewn on the backs of modern gloves are meant to make hands appear more slender.

HORTON'S WILL GIVE PROGRAM

Gladys Miller, nationally known interior decorator, will present a series of educational radio programs in conjunction with J. C. Horton Furniture company's home decoration plan.

The first of these programs will be presented March 23 at 11 a. m. and each Tuesday and Thursday thereafter for 26 weeks.

This feature is highly educational, the company officials said, with actual working plans pro-

vided by the company so listeners may be able to follow the noted decorator's lectures.

Miss Miller's program will be entitled "Hollywood Room Recipes" and will present adaptations from current motion pictures. She will stress the harmonious composition of various room sets from these pictures.

The series is under the direction of the Bigelow Weavers, manufacturers of carpets for the past 150 years whose high grade merchandise the Santa Ana concern has been selling for the past 35 years.

The dairy cow is accredited with leading all other animals in making the most efficient use of food it consumes, according to the bureau of animal industry.

True today... true tomorrow

GAS COOKS BETTER AND COSTS LESS

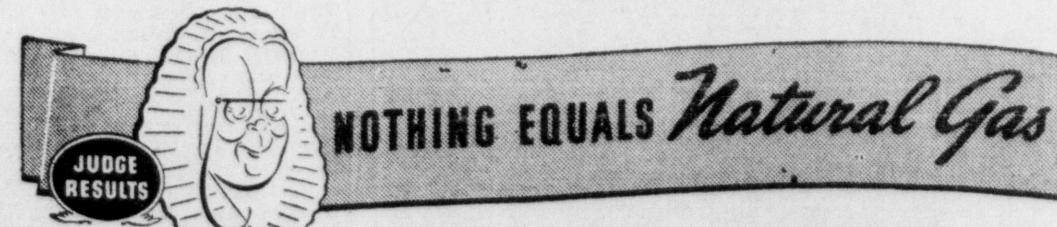

The live heat of natural gas cannot be equalled for all the different kinds of cooking that modern homes require.

For example, meats should have intense heat in order to brown without loss of juices and flavor. This high temperature is easily obtained with natural gas. And the oven ventilation of a gas range allows cooking vapors to escape without being absorbed by foods. That's why gas-cooked roasts are crisp and juicy.

In baking, too, the even heat and wide range of temperatures make it easy to get successful results every time, from baked potatoes to gingerbread, from meat pies to meringues!

And remember, no other practical fuel even begins to approach the remarkable economy of natural gas. Visit your dealer or your gas company today for an inspection of the new gas ranges.

ELSTONS READY
FOR 'COLOR' OF
TROPICAL ISLES

BY PAUL VISSMAN

Allan Vaughn Elston, well-known magazine and film writer, who makes his home in Santa Ana, is leaving, with Mrs. Elston, March 31, for a three-month trip to the Samoan and Fiji Islands.

The Elstons will leave on the Matson liner Monterey, and will make their headquarters, for a portion of their stay in the South Seas at Pago Pago. From that point they will make trips to other islands and into little traveled areas, seeking local color for stories that will be written on their return. While in the South Seas, Elston will assist in the filming of one of his stories to be produced by Monogram Pictures of Hollywood.

Will Assist Movies

Monogram Pictures recently purchased film rights to one of his stories, "The Belled Palm," and will send a company to the South Seas to film it while the author is there to assist with technical details. Elston said today the story probably will be produced under the title, "Paradise Isle."

At present Warner Brothers is working on another of Elston's stories, "The Mutineer," recently published in the Cosmopolitan magazine. Grand National Pictures, also is working on an Elston story "The Thief of Taos," and will present it as the first mystery story ever produced in technicolor.

Goes For Adventure

Elston, who has lived in Santa Ana since 1932, has been writing fiction for more than 13 years. For five years he wrote western stories before swinging into mystery stories which he turned out for another five years before drifting to the foreign-adventure field. During that period, however, he fulfilled several contracts with motion picture studios.

Recently he completed his latest film contract and will not renew it until his return from the South Seas. He indicated today that when he does renew his film contract, it will be with the understanding that he works in his own office which he maintains in Santa Ana.

Well established in the American magazine field Elston has, within the past few months, become one of the more popular of the American writers contributing to European publications.

Purchase Rights

So anxious are the European magazines for his work that they are purchasing European rights to many stories that already have been published in American publications. The Danish "Familie Blad" has

AMELIA TO MEASURE WAISTLINE OF WORLD

Large, impressive, efficient is the big Electra which Amelia Earhart equipped especially for her world flight. Besides being the first woman to attempt such a hop, she also is the first pilot of either sex to attempt it in a dual motored ship without a relief pilot on the major portion of the trip. Literally a flying laboratory, the plane is furnished by the Purdue University Research Foundation. It is powered by two Wasp motors, has a cruising range of 4000 miles, is equipped with the latest in modern radio apparatus. The heavy black line across the face of the two hemispheres in the map below shows the course of Miss Earhart's world flight. Capt. Harry Manning is shown in the lower right corner. He will accompany Miss Earhart just on the 7000-mile Pacific crossing and as navigator only.

contracted for rights to publish in Denmark practically all of Elston's outstanding stories. In the January issue of that magazine appeared one of his stories which was published in the December issue of The Cosmopolitan with arrangements completed for other stories to follow.

In England the February issue of Britannica, the leading monthly fiction magazine of Great Britain, was published Elston's story "Mon-sieur, the Murderer" which was first published in the United States in Argosy. A recent issue of McLean's Magazine, Canadian publication similar to The Saturday Evening Post, "The Island of Temptation," by Elston was published. Pearson's, another English publication, also is using his fiction. The Elston home is located at 1420 North Garnsey street.

INTEND TO WED

Notice of intention to marry was filed Saturday in Los Angeles by Laurence Grohs, 25, of 502 West First street, this city, and Miss Elizabeth A. Vernon, 23, of 115 West 73th street, Los Angeles.

Workers on the staff of Orange County Public Forums played Socrates last week, and circulated among citizens of Orange county with a question designed to stimulate thinking concerning a social absolute, "What are the causes of war?" In homes, offices, and on the busy street, to persons in every walk of life, these questioners put their query, and many and various were the answers.

Speaks of Sentiment

In Huntington Beach a leading attorney stated his opinion that war was caused solely by money power. Said he: "Public sentiment and patriotism is built up to further the ends of greedy capital. War is demanded to protect foreign investments." For a solution he suggested the conscription of both money and resources in time of war. "If men are to be conscripted," he said, "take wealth also and remove the glamour and profits from war."

Several persons dogged the question to proclaim their belief that the United States should be prepared for withstanding invasion, and fear of invasion was expressed in several quarters. Second person bumped into by the Greek who covered the coast city was a doctor of chiropractic, who thought that the United States should take full precautions for preparedness and defense of its borders. He too advised that the government should not permit munitions makers to take undue profits. He did not define "undue" profits.

"Pay for Defense"
The proprietress of a cafe, after blaming greed for causing war, declared that we can as well afford to pay men to be in our army and navy ready for the defense of their country, as we can to pay them on relief rolls. The far flung implications of this she did not elaborate, but the Socratic one mentioned CCC.

In Costa Mesa, a man who titled himself "a religiously inclined gentleman" said, "The reasons and causes for war have ever been and always will be as outlined in the Bible—see Ezekiel; so long as man denies his real self, imagines himself 'material' while in reality he is 'spiritual,' just so long will there be war." A barber had to do no head scratching to respond immediately to the question that not mere profits but the lack of the Christian spirit among all peoples was the root of war.

Greed For Land

With a sweep of his hand towards a subdivision, a realtor interpreted the causes of war in terms of his own experience. "The very thing I am selling is the cause of war," said this Costa Mesa—"greed for land and still more land."

Stopping at a gas station, the inquiring one popped the question to the attendant. Said the attendant, "The crowded conditions and closeness of European nations who differ so greatly in customs and personalities eventually leads them to war." This silenced the curious, who drove away a wiser man.

A house holder blaming greed and self-aggrandizement, pointed

out that the pretext of need for relief of crowded conditions within such European nations as Italy and Germany as an excuse for imperialism, is a false excuse, since in both these countries pregnancy is at a premium, bachelorhood baneful by official decree.

Munitions Makers

Interrupted at her housewifely duties, one woman declared that defense was the only excuse for this nation to get into war, and inveighed against greedy invaders who might proceed against the United States. She condemned heartily the policy of guaranteeing foreign investments of United States citizens, and expressed her belief that munitions should get their profits from sales to foreign nations, and not from sales to this one.

A housewife in Orange admitted, "I lack knowledge to give an expression that might be worth considering." Her inquisitor marvelled at such honesty.

With this plank of public opinion as a springboard, Arthur F. Corey will lead Orange County Public Forums at Huntington Beach, on successive nights through Friday, March 19 to 23, on the subject, "Munitions—War and Profits." All citizens are invited to attend these free meetings, held in the high schools, and to voice their knowledge on the subject.

poetic puzzles

By ALLEN M. PAPFURT

Each verse below conceals the name of an American author with the letters in proper consecutive order. Answers will be found on the Classified page.

In old Madrid a civil war is bringing strife and grief; And many a priest and padre is Erased for his belief.

Internal strife has never brought Co-operation between The forces of both God and man, Upon this earth of green.

It seems so strange we flout God's will, No matter what our church, Ill lives the man who does not join For peace eternal search.

Not wars but just eternal peace Should be mankind's sole wish, Though for conquests and useless lands The many nations fish.

ORANGE COUNTY
ILLITERACY IS
LOW IN REPORT

Orange county is lowest in illiteracy of the three counties in the Nineteenth Congressional district and Santa Ana with a percentage of 1.8 is the second lowest in the county. Orange has the lowest illiteracy rating with a percentage of 1.4, according to the education division of Works Progress Administration.

According to figures recently prepared by the division, the illiteracy percentage is 4.4 with the actual number of illiterates in the district reported as 12,004. The illiteracy total for Orange county is placed at 2560 or 2.6 of the population.

Percentages of illiteracy for other counties in the Nineteenth district are reported as follows: Riverside 5.6 and San Bernardino 5.3.

Orange is Listed

For the city of Santa Ana, the number of illiterates is given as 472. The illiteracy percentage for other towns in the county include: Anaheim, 2.8; Fullerton, 2.2; Orange 1.4. Highest illiteracy reported for any town or city in the Nineteenth district is 7.2 for Corona. Orange has the lowest rating.

In Santa Ana's population group 30,000 to 50,000, there are 46 cities in the United States with lower percentages of illiteracy, according to the survey. Brookline, Mass., has the best record with only 0.2 per cent illiteracy. California cities in the same group having better records than Santa Ana are Alameda 1.3 and Santa Monica 1.3. Two cities in the group—Kearney, N. J., and Green Bay, Wis., have the same percentage of illiteracy as Santa Ana.

California ranks twenty-ninth among the states in percentage of illiteracy with 2.6 per cent, according to the report. More than half the total of the state's illiterates, 54 per cent, are foreign born.

LONESOMENESS
IS THEME OF
LAYTON'S PLEA

There are numerous lonesome persons in Santa Ana and a bench in the park isn't the answer they want according to a checkup recently made by Councilman Ernest H. Layton, street commissioner, he said yesterday.

Noticing that many persons here enjoy standing at Fourth and Main streets, and other prominent downtown intersections, to watch the shoppers and other passersby, Councilman Layton decided on the checkup.

Watch Crows

"It is a tremendous surprise to me to find that four out of five persons I talked with, explained they got lonely, especially on Saturday nights, and wanted to watch the crows," he said.

What brought him to make a report on the survey was a communication filed by Former District Atty. P. A. Nelson in behalf of Edwin P. Elliott, agent for the Southern California Ornamental Bench and Garden Supply company, Long Beach, concern, at council meeting last night. The Elliott request was for permission to install ornamental benches in parks and parkways—50 or more for convenience of the public. The benches would be on reinforced concrete base, wood seats, and they would be maintained and insured against any damage suits brought against the city as result of accidents involving them. All advertising placed upon them would have to have approval of council.

Layton explained that Pasadena, and other cities which certainly could not be classed as "small townish," are using non-advertising benches on the corners of downtown intersections to great convenience. He believed the benches would cost about \$12 each.

"Would it not be a convenience for those who choose to sit on a bench at a busy intersection rather than in a park, as well as for shoppers and others?" Councilman Layton asked. "I have been wondering if ornamental benches, without advertising, could not be placed, two upon each of the four corners at Main and Fourth, or other intersections, to advantage? It certainly would be appreciated by those lonely persons to whom I talked."

A Mexican dish known as dry soup consists of rice or macaroni cooked in rich soup stock and then baked until puffed up and dry.

TUSTIN MAN TELLS HOW EDITOR
SHIED COPY FROM TYPEWRITER

By MALCOLM BOSTWICK

How's your typewriter working? Only a matter of a few years ago—something like 50—you had to write in long-hand or wear a red face and go without a job.

CALLING
ALL DOGS!By
Albert Payson Terhune

MAKING HIM MIND

I have told you dogs differ as much in character as do children. One dog cringes at a sharp word, as pitifully as at a blow. Another would be unimpressed in mind and spirit by far harsher treatment. It is up to you to make a careful study of your own new dog's disposition. Treat him accordingly, as long as that treatment does not involve cruelty or brutality. High-strung or clever dogs are easy to spoil. And a spoiled dog is one of the most worthless—if amusing—creatures on earth. The high-strung pup is still easier to turn into a shivering coward, if he be unwisely treated.

Above all, teach your dog, at the outset, to obey you. This is more or less easy, if you go about it sanely and with wise patience. And it is all necessary.

Give him as few commands as you can. But see to it that he obeys those few, even if you have to spend an hour at a time to teach him to do so. Throughout, keep your temper. Patient human will-power at last has a tremendous effect on any dog. If you give him an order and then do not insist on its enforcement, he knows at once that he can disobey you whenever he may choose to. Teach him to mind, when he is young, and he will be obedient for life.

Copyright, 1937, McNaught Syn., Inc.

At least that's what W. P. "Bif" Davis, of Tustin, says and he should know. "Bif," only he says it should be spelled "Biff"—but never is as far as he's concerned—once was night chief of the Western Union when that organization delivered news to the Dallas (Tex.) News. Davis, who earned his nickname because he took care of himself in "tight spots" when verbal arguments failed, recently returned from Dallas to report that Leon Shaw, general manager of the Gazette Printing company, newspaper in Billings, Mont., and an employee of Davis in those early days at Dallas, was a visitor in the Southern city—after half a century's absence.

Heart Is "Broken"

The Dallas Morning News carried a story of Shaw's visit and quoted him as referring to his boss, Night Chief Davis. Shaw was one of the first users of the typewriter, and Davis relates that the company wouldn't let him do his work on the typewriter "and it almost broke his heart."

Writes Shaw in the Dallas Morning News: "I was among the first users of typewriters in the telegraph business and my chagrin may be imagined when, after using the machine several nights, The News telegraph editor sent Night Chief W. P. 'Bif' Davis a letter, demanding that it be discarded and the stylus be substituted, on the ground that I could not write fast enough with the old machine. I might add that an appeal to Chief Operator Rufe Sanders and even Manager Baker, proved futile."

Shaw Gets "Told"

In those days, Dallas was the largest relay office of the Western Union in the southwest, more than 100 operators being employed, Davis declared. Of Davis, Shaw wrote that he "was universally acknowledged as writing the most beautiful 'hand' in the telegraph business. I recall that Davis gave me a letter of recommendation to Supt. A. C. Thomas of Chicago Associated Press headquarters and he kept the letter as a sample of Davis' remarkable handwriting."

"If you write a 'hand' as fine as Davis, you wouldn't need a typewriter," Shaw was informed by Thomas when Shaw went to Chicago. Shaw had been wanting to use an old "Calligraph" machine.

Davis, now retired, resides at Route 1, Box 101, Santa Ana.

SOCIETY AND CLUBS

WOMEN'S ACTIVITIES

Reservations Pour In For Fashion Show

Still they come—and they are accepted too—these last minute reservations for Junior Ebell society's annual fashion review and bridge party Saturday afternoon at 1:30 o'clock in the clubhouse peacock room. Of course guests who made their reservations weeks ago will have some of the choicest tables, but other desirable locations with aisle advantages are still available today, it is reported.

If you see General Chairman Henriette (Mrs. George) Walker and Chairman of Tables (Mrs. Berta) (Mrs. H. Raymond) Smith measuring off the clubhouse peacock room and mentally fitting tables and chairs into the smallest possible places, you will know that they are doing their bit to make room for an influx of guests. Mrs. Smith, telephone 4430, is taking reservations.

While committees are anxious to accommodate as many guests as possible, there is a limit, they report. They must observe the rule which says, "Save plenty of aisle space so that models may parade with ease, while spectators look on with a little less neck strain, if you please."

Beginning at 1:30 o'clock with the serving of dessert, the party will include a full afternoon's entertainment. Bridge play and subsequent awarding of prizes will be followed by the fashion review as a climactic feature of the afternoon.

Plans for the annual event were completed at a recent meeting in the home of Mrs. Walker, Valencia street. Committee workers present were Miss Helen Glavin, prizes; Mrs. Arthur Wade, refreshments; Mrs. George Bradley, decorations; Mrs. Alvin Stauffer, fashions; Mrs. H. Raymond Smith, tables; Mrs. George Preble, publicity.

Announcements

Ebell Contract Bridge section will meet Wednesday at 7:30 p. m. in the clubhouse lounge. Hostesses will be the Mesdames Nan and Lolita Mead, Mrs. Crawford Nalle and Mrs. Charles McDaniel Jr.

First Presbyterian Ladies' Aid Northeast section will meet Wednesday at 2 p. m. in the home of Mrs. V. V. Tubbs, East Fourth and Tustin avenue. Members are reminded to bring their 25 cent contributions.

Job's Daughters Mothers' Circle will hold a covered dish luncheon Wednesday at 12:30 p. m. in the home of Mrs. B. F. McCausland, 2342 North Broadway.

Ebell Antique section is making plans for its next meeting, which will take place Wednesday, April 14 at 2 p. m. in the clubhouse. A talk on "Oriental Rubs" will be a feature of the day.

Southwest section of First Presbyterian Aid society will meet Thursday afternoon at 2 o'clock with Mrs. R. H. Ewert, 802 South Ross street. The committee for the afternoon has promised an excellent program, and reminded section members to bring their dues and labels.

Junior Ebell Second Book Review section will meet tonight at 7:30 o'clock in the home of Miss Harriet Rutan, 2435 Riverside drive. Co-hostesses will be Mrs. Lyle Kelley, Miss Alberta Greene and Miss Natalie Neff.

Federated Missionary societies will have an all day meeting April 2 at Orange Avenue Christian church. Presidents of the missionary societies are asked to call attention of their members to the meeting.

St. Joseph's church is having a card party tonight at 8 o'clock in St. Joseph's hall at Stafford and Lacy streets. There will be prizes for bridge and 500, and a small admission charge.

Series Of Formal Dinners Is Brought To Conclusion

Beautifully harmonious in every detail of architecture and furnishing, the home of Dr. and Mrs. Melbourne Mabec at 1915 North Flower street, is an ideal setting for hospitality, such as the series of formal dinner-bridge parties which Dr. and Mrs. Mabec and Mrs. Sara Johnston Haddon brought to a conclusion last night. It was just a week ago tonight that the series was introduced.

Each of these motifs in a social symphony has followed a certain definite plan, with the same number of guests bidden for each successive evening, and a general theme expressing the March holiday of St. Patrick's day. The home has been garlanded with flowers, and while their color and form perhaps varied, the central theme of slim green tapers, in crystal or silver candlesticks for the individual foursome tables, the green cellophane wrappings with gold seals and ribbons of bridge prizes, and the dinner card design remained unchanged.

In the dining room where one large table was appointed with white and green, blending beautifully with the rock crystal and the dinner service of Royal Worcester, the decorative theme included with tapers in crystal candelabra, a central bowl and its two matching cornucopias of Irish beek, overflowing with fragrant white stocks.

Saucy green Irish pigs adorned the place cards for feminine guests, which were arranged on the tables. Men received their Irish harp dinner cards upon arrival.

Last night's guests, as did those of Saturday evening, especially enjoyed the deep red rosebuds placed in the entrance hall, in which warm red tones predominated. The rosebuds were sent by Mr. and Mrs. Claude H. Van Antwerp. They enjoyed quite as much the deep blue hyacinths, gift of Miss Marian Cruickshank, and mirrored in their great bowl on a small table just at the foot of the stairs in the little powder room.

At earlier parties in the series, the flower design had been wrought with sprays of japonica sent by Mr. and Mrs. George Briggs, and stamplum blossoms, the gift of Mr. and Mrs. Leonard G. Swales.

Each evening saw assistance lent by some close friend of Mrs. Mabec and Mrs. Haddon. Mrs. Swales played this important role on the initial evening. Mrs. Red and Couden assisted Thursday night; Miss Marian Cruickshank on Saturday night, and Mrs. Charles W. Hyde Jr. last night. Mrs. Mabec and Mrs. Haddon had exercised their feminine ingenuity in selecting charming gifts for their aides, choosing compacts in white enamel and rhinestones for all but Miss Cruickshank, to whom they presented a mother of pearl and enamel flask of French perfume to slip into her evening bag.

The plan of presenting contract awards at the conclusion of each evening's play, was uniform. On the opening night, the couple scoring high and rewarded with a gift, was Mr. and Mrs. Howard Timmons. First and second high scores by feminine guests, merited prizes for Mrs. Stewart Scouler and Mrs. Edgar P. Eifstrom, with men's prizes secured by Dr. Cassius Paul and John P. Scripps.

Mr. and Mrs. W. D. Ranney, Mrs. Clarence Crookshank, Mrs. George Briggs, Lieut.-Com. Irwin F. Landis and Wade Warner received similar gifts Thursday night. On Saturday evening, prize winners were Dr. and Mrs. E. C. Francon, Mrs. Ray Raddant, Mrs. Roy Hall, Messrs. Roy Hall and Charles E. Walker, while last night, the awards went to Mr. and Mrs. Franklin West, Mrs. Otto Haan, Mrs. G. W. Leive, Messrs. Z. Bertland West and J. E. Liebig.

CLUB IN FULLERTON

A little group of Santa Anans went to Fullerton Saturday night for a bridge club party at which Mr. and Mrs. Cecil Chambers were hosts in their home, 624 North Golden street.

John McCoy and Victor Valley of this city held the two highest scores. Refreshments in keeping with St. Patrick's theme were served at the close of card play.

In the group were Mr. and Mrs. McCoy, Mr. and Mrs. Valley, Miss Mary Beasley, Santa Ana; Dr. and Mrs. Arthur Nies, Orange; and Mrs. John Steele, Bell; and the hosts, Mr. and Mrs. Chambers.

Four Chapters Pay Honors To Star Officers

Last night, on the customary meeting day of Santa Ana chapter O. E. S., that chapter joined with Hermosa of this city, Seopter of Orange, and Garden of Anaheim, in welcoming the official visit of the worthy grand matron and patron, Rita May Cooper of Sacramento and Frank David Cruise of Los Angeles. Santa Ana chapter conducted the opening ritual, with Betty Gowdy, worthy matron and Courtney Chandler, worthy patron, presiding.

The distinguished guests were escorted to the East and accorded honors. Mrs. Cooper was gown in green net and carried an arm bouquet of peach blossoms, violets, daffodils, roses and camellias.

Garden Grove officers with Alice Keele, worthy matron, and Donald Waters, worthy patron, exemplified escort duties. Maude Bigelow Sibley of Glendale, past grand matron of California, was accorded honors. Present grand officers paid similar honors included Helen Louise Edwards of Fullerton, associate grand conductress; Alice Hood of Los Angeles and Georgia Lambie of Los Angeles, grand star points; Deputy Grand Matrons Lillian Edwards of Orange, Ruth McLaughlin of Buena Park, Lillian Childs of Long Beach, Rosa Singleton of Azusa, May Sims, Marian Fredericks, Fern Swickard and May Ingram, all of Los Angeles, and Mrs. Alma Cruise, wife of the worthy grand patron. Escort honors were also accorded to 19 worthy matrons and seven worthy patrons, while past matrons and patrons were introduced.

At the close of escort duties, the chairs were vacated in favor of the chapter, presided-over by Elizabeth Lewis, worthy matron, and Harold Nelson, worthy patron, who exemplified the ballot.

These officers then vacated in favor of Seopter chapter officers, including Rae Bunch, worthy matron, and Ernest Stinson, worthy patron. Mrs. Bunch declared a recess, and a program was enjoyed. Helen Louise Edwards sang solos accompanied by Gladys Edwards, and Pauline Thompson played violin numbers accompanied by Audrey Peterson of Orange.

Santa Ana chapter officers then resumed their duties and Mrs. Gowdy presented a gift of money to the worthy grand matron in behalf of the four hostess chapters. The gift was presented in the form of a shamrock. Mrs. Cooper gave a short talk in which she stressed the importance of not being idle. Courtney Chandler presented a gift to the worthy grand patron in the form of a top hat, at the same time reading an original poem. Mrs. Cruise responded with a talk in which he complimented the Masonic temple, declaring it to be the finest in the state.

The banquet before the meeting was prepared by Amber circle with Helen Lurker as chairman. The guest table was centered with a bouquet of acacia and peach blossoms on a mirror surrounded by smiles, with lighted silver stars embedded in the smiles, and tall green candles at each end of the table.

Tri-Y Girls Visit Olvera Street

Making a leisurely tour of Olvera street in Los Angeles Saturday afternoon, members of Tri-Y Girl Reserves enjoyed visiting the various Mexican booths, the mission and other interesting places of the historic section.

The trip came as a climax to the club's study of Mexico, which has been in progress during the past several weeks. Mexican culture, art and customs have provided themes for various interesting programs presented at weekly meetings of the group.

Accompanying the girls as leaders Saturday were the Mesdames Mary Porter, Mary Fine, Margaret Fine, Katherine Budd, Roberta Nichols and Mrs. W. E. Dixon.

Tri-Y girls in the party were the Mesdames Betty Brown, Jeannette Brown, Doris Clark, Roberta Corcoran, Muriel Enzelke, Doris Gilmore, La Vonne Gold, Helen Jones, Flora McFadden, Dorothy Parker, Barbara Rowell, Helen Louise Waldron, Muriel Walker, Marjorie Vollmer and Abbie Jean Dixon.

Tri-Y girls will meet tonight at 7 o'clock in the Y.W. rooms to make plans for a benefit party proceeds to go to Asilomar fund.

Santa Anan Plays On Anaheim Program

Miss Ruth Greenwald, daughter of Mr. and Mrs. H. R. Greenwald, 1810 Greenleaf street, was one of three students appearing in piano recital Sunday evening in the studio of Margaret J. Buttre, 521 North Lemon street, Anaheim.

Miss Buttre presented Miss Greenwald, Miss Helen Piefer of Anaheim and Miss Louise Tate of Fullerton in a varied program. Assisting artist was Mrs. Winifred Sloop of Anaheim, student of Madame Rosemary Rose, who sang solos.

Miss Greenwald's numbers were "To Spring" (Grieg); "La Campanella" (Lecocqua); and three Mendelssohn compositions, "Boat Song", "Hunting" and "Consolation".

Eighty-five guests were welcomed to the affair, which included a delightful social interval during which refreshments were served. Mrs. George Watson of Santa Ana poured tea. Lighted tapers and bouquets of peach blossoms were decorations used.

Mrs. Golden Norwood Weston will bring a report on a study of adult education projects in California.

The class will be open to all interested in attending, as will the League's monthly luncheon meeting Friday at 12:30 o'clock. Program plans for the general session will be announced tomorrow by Mrs. M. E. Geeting.

Peace Officers' Ball Has Gay Sequel in Turton Home

Prominent among enjoyable parties with which the Peace Officers' ball of Saturday evening was climaxed for various groups, was the buffet supper at which Mr. and Mrs. John H. Turton entertained in their home, 1325 Martha lane.

Mrs. Turton had planned a tempting supper menu to be served to the accompaniment of St. Patrick decorations. The table in the dining room from which guests selected the various appetizing dishes, was especially pretty with its twinkling candles and its gay green appointments. Mr. Turton proved a very capable host in the aid he extended in his wife in details of serving.

In the after-dance party with Mr. and Mrs. Turton were Messrs. and Mesdames Harry Fink, E. G. Maier, John Cozad, Dr. and Mrs. Richard Faget, Mrs. Roy Gowdy and Mrs. Ray Price, of this city; Mr. and Mrs. Edward Ehlert, of Orange, and Mr. and Mrs. John Moreland, of Los Angeles.

Hostess at Luncheon Pays Compliment To Newcomer

Introducing Mrs. Fredric Dunstan to a group of friends, Mrs. E. Wagner was hostess at a St. Patrick's day luncheon of charming appointments Saturday afternoon when she entertained in her home, 530 South Birch street.

Mr. Dunstan, now in business in this city, and Mrs. Dunstan came to Santa Ana a few months ago, and are living on South Birch street.

Mrs. Arthur May assisted Mrs. Wagner in receiving guests and in other hostess duties. Luncheon was served at a dining table centered with a white bowl of ranunculus, anemones, sweet peas and candy. Some of the blossoms had been tinted green so that the centerpiece combined the green and white motif of the day.

Peach blossoms and other flowers brightened rooms where tables were placed for bridge play. Prizes wrapped in white and green tissues and ribbons rewarded Mrs. I. F. Landis, Mrs. Richard Couden and Mrs. Charles Nussbaumer who held the three highest scores.

Present were Mesdames U. H. Plavan, Charles Swanner, I. F. Landis, Richard Couden, Charles Nussbaumer, Harold Brown, Arthur May, Miss P. Armstrong; the hostess, Mrs. Wagner, and the guest of honor, Mrs. Dunstan.

NEEDLE CLUB

Meeting today for another all day session of sewing, Needle club members were guests of Mrs. Errol Barnes, 815 Riverside avenue. Luncheon was served in a setting of green and white appointments marking the approach of St. Patrick's day.

Mrs. H. Redman of this city was a guest. Others present with Mrs. Barnes were Mesdames Bernard Snee, Frank Brown, W. R. Prosch, Adolph Erickson, this city; Mrs. Ethel Bippus of Chicago, Ill. and Mrs. Ida Swartz of Lorain, Mich.

Scores Of Friends Enjoy Open House Hospitality

Charming in all its details and eloquent of the hospitality and friendliness to which the home is dedicated, was the open house maintained Sunday afternoon by Mr. and Mrs. William Ewart Dennis in their beautiful new home at 932 Louise street.

Muscle, flowers and friends, these three were outstanding in the gracious hospitality planned by the hosts, and the last of the three, the friends, were responsible for the other two. Flowers were very lovely and ran the gamut of spring blossoming, stocks, freesias, snapdragons, jonquils, ranunculus and daffodils. Among those providing the blooms were Mrs. Albert Harvey, Mrs. Roscoe Moore, Mrs. Foster Chambers, Miss Dorothy Hanna and Mrs. James Richards.

Miss Dorothy Dennis received guests at the door, and Mr. and Mrs. Dennis extended cordial greetings, assisted by the latter's aunt, Mrs. William M. McKenney of Glendale.

Assisting Friends
Other assistance was loaned during the afternoon by a group of friends who presided at different intervals at the tea table. Since pale green and yellow was the color combination chosen for the dining room, the table itself gave emphasis to the theme with its tall topaz vase of jasmine, its ivory candles in topaz holders and its hand-made lace cloth. Preslins and jonquils were in the background, and the handsome silver tea and coffee services and completed a lovely effect.

Mrs. John Edwin McKillop, a cousin of Mrs. Dennis, was dining room hostess, while presiding at the tea and coffee urns at different intervals were Mrs. Ernest Schuerman, Mrs. W. A. Atkinson, Mrs. Verne Bishop, Mrs. George DeRouillac, Mrs. Clyde Cave and Mrs. John Swanke. Assisting in serving the delicacies of the menu were Mesdames James Richards, Jesse MacCocklin, Foster Chambers, Roy Winchester, Lawrence Coffman, Miss Alice Sturdy and Miss Margaret McKillop. All wore formal afternoon gowns.

Program Numbers
Musical features at intervals throughout the at home hours, provided special enjoyment for the successive groups of guests. Sammy Campbell with Daniel Stover as his accompanist, sang "Bird Singing", "Mighty Lak a Rose" and "Goodnight My Love". Miss Alice Sturdy, soprano, accompanied by Miss Wilma Pothoff, chose "Take Joy Home", "In the Luxembourg Gardens" and "Just a Love Nest Built for Two" as her numbers, and Miss Pothoff gave a group of piano solos, "Murmuring Pines," and the left hand arrangement of the "Sixty-Eight from Lullaby". Miss Mildred Marchant added further variety with her whistling solos, "Love's Old Sweet Song" and "Bird Rapture," as did Miss Beulah Parker and Russell Crouse with soprano and tenor duets, accompanied by Mrs. J. Leslie Steffenson. They sang "Lassie O Mine" and "Garden of Your Heart." Miss Laura Joiner, contralto, with Miss Marchant at the piano, sang "Bless This House" and "A Spring Song." J. Leslie Steffenson sang "A Row of Little Houses," an original composition by Mrs. Steffenson, who played the accompaniment, and concluded the afternoon's program with her soprano solos, "A Star" and "Toujours d'Amour," with Miss Parker as accompanist.

Many Guests
Among friends sharing this gracious hospitality were Messrs. and Mesdames W. A. Atkinson and Warren Brinkman, Harry Bowman, Theodore Bolte, Charles Bacon, Clyde Cave, Glenn Cave, Lawrence Coffman, Guy Crowell, Russell Crouse, George DeRouillac, Ellis Diehl, Arno Finster, Harold Frank, Albert Harvey, J. R. Farwell, Albert Jones, Earl Lepper, George Lippincott, Roscoe Moore, Charles Nalle, John Newcomer, James

Plans were made for the spring sport dance to be held March 20 in Huntington Beach Memorial hall. The dance will be an open affair. It was announced that the society would have its formal Founders' Day banquet March 23 at Danigers.

The hostess served a dessert course at the close of the evening.

Tomorrow Brings Book Review Program

Adding interest to tomorrow's book review program at Unitarian church is the fact that Everett Dean Martin, author of the book of the day is a brother of Miss Myrtle Martin of this city, who will be present for the occasion.

"The Meaning of a Liberal Education" is the name of the book to be reviewed tomorrow afternoon at 3 o'clock by the Rev. Julia Budlong in the church. The author, Mr. Martin, who is identified with Cooper Institute in New York City, is a visiting professor this year at Claremont colleges.

Miss Martin will present the Treble Clef club of the high school glee club in two selections, "Though Art the Night Wind" and "The Shadow March."

Tea will be served at 4 p. m.

Club Enjoys Luncheon In Irvine Home

Although Assistance League club luncheons always have their setting in the James Irvine home on San Joaquin rancho, yesterday's hospitality was given more than usual interest by the presence of the charming young daughter-in-law of the home, Mrs. William Thornton White Jr., of Corona del Mar.

Club members continue with their meetings even when Mrs. Irvine is in the north as she is now, and each time some lovely decorative feature is introduced to add to the enjoyment of the luncheon interval. Yesterday's theme seemed expressive of springtime in Japan. This effect was achieved through the use of a robin's egg blue flower container with sprays of peach blossoms shielding an oriental figurine, around which were swimming tiny gold fish. In keeping with the theme of the centerpiece were larger oriental figurines mirrored at either end of the table. Details of the menu itself suggested the approach of Easter. White embroidered linens, blue-banded service plates of floral motif, ice blue glassware and white luncheon service gave additional charm to the luncheon.

So much business was introduced during the afternoon, and so many matters called for immediate action, that members devoted just a short time to the usual bridge contest. Plans were furthered for the club's philanthropic project as committees were appointed by the new president, Mrs. Lloyd Chenoweth. Mrs. Irvine is chairman of the board of directors.

The next meeting will be held April 5.

JAPAN TO EXHIBIT ART

TOKYO (UP)—Japan is planning an invasion of foreign countries with representative exhibits of theatrical art. The export productions are being prepared. Both are Kabuki or classical drama, but the manner of presentation is vastly different.

LITTLE GIRLS WILL TAKE PRIDE IN THIS CUTE PANTIE FROCK

Little girls will take vast pride in this adorable Anne Adams pantie frock, and deem every event a "special one" when they wear it. Specially suited to youthful play hours, or schooldays is Pattern 4340 smart in its utter simplicity, and extremely easy for busy mothers to make up in a jiffy. At "Two" to "Ten," fashionable touches are important, and any kiddie will be thrilled with her new fluttering caplets, wide action pleats, becoming yoke (accented by a large, colorful button) and simple neckline. The fabric you choose is most important, too, from a standpoint of wearability and colorfulness: such cottons as bright percale, gingham, or dimity would be perfect.

Pattern 4340 is available in sizes 2, 4, 6, 8 and 10. Size 6 takes 2 3/8 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

Send FIFTEEN CENTS (15c) in coins or stamps to Register Pattern department for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS AND STYLE NUMBER.

A smart wardrobe — YOURS! Order our Spring ANNE ADAMS PATTERN BOOK and see how easy it is to make becoming, up-to-minute outfits quickly and inexpensively at home! Revel in a wide choice of sparkling all-occasion frocks, suits, blouses — with special, slimming styles for the stouter woman. Practical, fashion-right models for kiddies and "debs," too! Fabric tips. BOOK FIFTEEN CENTS. PATTERN FIFTEEN CENTS. TWENTY-FIVE CENTS FOR BOTH WHEN ORDERED TOGETHER.

Zoology Teacher Gives Talk At Men's Club

ORANGE, March 16.—Dr. William A. Hilton, professor of zoology at Pomona college, offered an instructive address, accompanied by motion pictures and slides at the March meeting of the Orange Men's club in the Episcopal Parish hall last night.

Dr. Hilton revealed that the strange forms of human and animal life to be found in Australia, results from the geographical isolation of the island for thousands of years. Dr. Hilton also offered a phonograph recording of the voice of the laughing jackass.

"There are some 70,000 aborigines living on the big island which has a total population of more than 4,000,000. The black fellow goes entirely naked in the interior and it is very hard to civilize him. His origin is lost in antiquity.

Earthworms six feet long were seen in the slides that were exhibited; the 1000-mile long barrier reef, on which may be found every variety of coral was seen in the motion pictures as well as close-ups of the diminutive "toddies" who live entirely upon eucalyptus leaves and whose young is carried on the back of the mother until the cub is almost as large as the adult.

A short musical program was furnished by the junior quartet from the Cantando club under direction of Benjamin Edwards, singers including Martin Bowman, Robert Dozier and Ed and Paul Elmer. Earl E. Campbell, chairman of the program committee, presided in the absence of Judge J. B. Tucker, president of the club. A 5:30 o'clock dinner was served by the women of the Trinity Episcopal church Guild, while grace was offered by the Rev. Arthur T. Hobson, pastor of the First Methodist church.

Prefacing his remarks with observations relative to the reaction of the Australian people to the Simpson-Duke of Windsor romance, Dr. Hilton told of the slowness in which the people there passed judgment on the former king when they heard of his abdication. "While the Australians are sorry that their idol, the former Prince of Wales and ex-king, had feet of clay, they are glad that the woman is an American," he declared.

Lodge Women Welcome Three New Members

ORANGE, March 16.—Ruby Rebekahs of I. O. O. F. lodge met last evening in the hall rooms with Vice Grand Ada Soyland, in the absence of Noble Grand Jewel Gullidee, conducting the meeting. Mrs. Leona Barker, a visitor from Larned, Kansas, was welcomed by Mrs. Soyland. Announcement of three new members transferred from the Laclede, Missouri lodge was made. They are: Lois Gould, Vaughn Abbie Gould, Past Treasurer of Missouri Rebekah Assembly, and Edward Gould.

Plans were made for a cooked food sale on March 20. Mesdames Mina Edwards, Flora Delle Cox and Clara Allen were elected as delegates to the Rebekah Assembly in May. An announcement was made that the California lodges of Rebekahs and I. O. O. F. lodges gave \$1500 to the flood relief in the east.

Concluding the business session, the evening was spent playing 500 and pinocle. In 500, the ladies first prize was awarded to Mrs. Lillian Deland, and low score to Mrs. Iva Schrempf; men's prize was won by C. M. Asmussen; in pinocle, high score went to Mrs. Florence Crawford for the ladies; high score for men went to Geo. Andrich and low to Edward Gould.

Refreshments were served by Messrs. and Mesdames Mac Talbert, Emil Rodieck and C. H. Morrow.

Orange School Has Given 10 Operettas

ORANGE, March 16.—Following the presentation of the tenth opera to be given by the music department of the Orange Union high school the latter part of the week, Percy J. Green, head of the music department of the school, and director of music for the most recent event, "The Belle of Baghdad," is turning his thoughts to next year's opera selection. Many congratulations on the success of the latest play have been received.

Enacted by a capable cast this year's production was marked by a high quality of humor. One of the principal roles providing many laughs, was taken by Bob Runnels as Ali Ben Mustapha, the chief of police who played opposite Miss Stella Christ as Henrietta Whistitch.

But one opera has been repeated in the decade Green has served as director. This was "The Marriage of Figaro." The teacher states that a careful study is made of types of students to take part before an opera is selected for production.

The earliest banks on record were the national temples at Delphi and Delos, Greece.

NEWS OF ORANGE AND VICINITY

DRAMA COMMITTEE PRESENTS TWO PLAYS AT CLUB MEET

ORANGE, March 16.—Talent not previously revealed in dramatic work in the Orange Woman's club, was presented yesterday at a regular meeting of the organization when two one-act plays were given under the direction of Mrs. Earl C. Crawford, chairman of the club drama committee. Mrs. W. F. Kogler presided and the program was preceded by an interesting talk on current events by Mrs. Mabel Faulkner, city librarian.

Mrs. Faulkner touched on many topics of the day from old age pensions and what is being done about them in the California legislature, to blossom time in this state and traffic violations. Her talk was given in a vein of delightful humor.

Two Plays Given
In presenting the plays, Mrs. Crawford announced that a drama section for club members may be formed shortly. The first play, "Rosemary — That's for Remembrance," had its setting on the observation car of a train. Mrs. A. R. Smith and Mrs. W. T. Syester played the roles of two women who, on entering into conversation, realize that they were friends in youth when they quarreled and parted.

The scene changed, time was reversed and the quarrel was shown with the roles of the two girls played by Mrs. A. R. Benson and Mrs. Donald March, both very charming in quaint and lovely costumes. The play closed on an unexpected note after the scene changed again to the observation car.

The other play, "The Truant Husbands," closed the program with Mrs. George Everett Peterson and Mrs. Kellar Watson Jr., as two

smartly dressed young matrons waiting in the early morning hours for their husbands who had not returned since leaving for their club the night previous. Mrs. Watson's role had a "Gracie Allen" quality which her audience found delightful and Mrs. Peterson as her vivacious companion established herself as a talented potential member of the drama section.

Tea Served
Tea was served in the lobby at the close of the afternoon, a huge bouquet of flowering peach blossoms centering the lace covered table. Mrs. Arch D. Burkett, welcomed by club members after a long absence occasioned by illness, was seated at one end of the table to pour while Miss Sue Scarritt was at the other. Hostesses were Mrs. Earl C. Campbell, Mrs. Burkett, Mrs. Kemper Anderson and Miss Scarritt.

Election of officers will be held at a meeting scheduled for April 5, and members of the nominating committee are Mrs. A. H. Hallack, Mrs. Paul Muehler, Mrs. A. H. Tyrrell, Mrs. Henry Meier and Miss Sue Scarritt. Mrs. Donald Smiley gave a report of activities of the finance committee.

Announcement was made of the meeting of the Garfield section on Tuesday when a luncheon will be served.

CENTER TO MEET
ORANGE, March 16.—E. E. Campbell, will give a survey of the findings of the recent economic conference held in Santa Ana a few weeks ago at a meeting of the West Orange Farm center tonight. The directors report and the tax

YOUTHS TO PRESENT SERVICES

EL MODENA, March 16.—The Sunday evening service at the El Modena Friends church will be in charge of the officers and members of the William Penn Friendly Indian tribe of El Modena, it is announced.

A very interesting program has been planned for this service including short talks by J. B. Wilbur, secretary of the Orange district Y. M. C. A. on "What Doth It Profit a Man If He Gain the Whole World and Lose His Son," and by the Rev. J. S. Sorenson, pastor of the Friends church on "Normal Growth."

Charles Todd will represent the Pioneer tribe in extending a welcome to the Pioneer tribe as most of the group of Friendly Indians will be eligible to become Pioneers next year.

The boys who will take part in the service are, Robert Stanley, Jack Moore, David Kennedy, Roy Smith, Donald Elam, Fred Mahoney, Jack Doughty, Elmer Koenig, Eugene Merrill, James Filpin, Austin Campbell, Leon Perkins, Gordon Brenbarger, Herbert Wulff and Robert Walter.

A special invitation is issued to all Friendly Indians in the Orange district, to former Friendly Indians, the leaders and all parents of the various groups.

report will be presented by George Juenke, Louis H. Walker will preside. Mrs. A. F. Schroeder is in charge of the 6:30 o'clock dinner to precede the meeting.

LUTHERAN MEN'S CLUB HOLDS MEET

ORANGE, March 16.—Set ahead in order not to conflict with Lenten services planned for later in the week, a regular meeting of the Men's club of the Immanuel Lutheran church was held last night at the social hall with E. T. Pingie presiding. The next meeting will be held April 15.

A musical program was presented by Miss Phyllis Kogler who sang a number of selections with Harold Larson as her accompanist. Both young people are high school students. Following the business meeting shuffleboard and dart ball were enjoyed.

Members of the committee serving the dinner were Mrs. Neal Halpin, Mrs. Fred Jaenicke, Mrs. Albert Struck and Mrs. Lola Zimmerman. Those serving in the dining room were Mrs. Martin Danner and Mrs. Oscar Klammer.

ENTERTAINS CLUB

VILLIA PARK, March 16.—With a number of attractive bouquets of flowering quince as the floral decorations, Mrs. E. T. Watson entertained the Foxy Foursome club recently at a 1 o'clock dessert luncheon at her home in the Santa Ana canyon. The table, decorated with green and white and centered with a doll dressed in green cellophane, very definitely suggested a St. Patrick's Day atmosphere. The afternoon was spent in sewing and visiting, during which time it was announced the next meeting would be with Mrs. Edward Dahl, of 510 Lynwood Avenue, Santa Ana, on April 8.

STORIES IN STAMPS
BY I. S. KLEIN
BLUFF THAT GAINED A COLONY

THE recent rumor that German troops were being shipped to Morocco, and were fortifying Ceuta opposite Gibraltar, caused great concern in France and England until Germany denied it. But the story recalled the famous "incident" of 1911, in which a bluff by Kaiser Wilhelm II brought his country a large slice of the French Congo, and economic advantages in Africa.

At that time European nations were eager for power in North Africa. German interests had some mines near Agadir, in Morocco, and on pretext of protecting his pioneers, Wilhelm sent the gunboat Panther to Agadir. Rage and resentment stirred France and Italy, and there was threat of war. The incident was cleared up ultimately, but not before Germany got its "bribe" for withdrawing from the Moroccan port.

Now definitely French, Agadir is pictured on one of the stamps issued by France for Morocco in 1933.

SUBSCRIPTION RATES—By carrier, \$7.00 per year; \$3.75 for 6 months; 65c per month. By mail, payable in advance, in Orange county, \$7.00 per year; \$3.75 for 6 months; 65c per month; outside of Orange county, \$10.00 per year; \$5.25 for 6 months; 90c per month; single copies, 3c. Established November, 1905. "Evening Blade" merged March, 1918; "Daily News" merged October, 1923; "Times" merged November, 1930.

DRIVE CAREFULLY
—SAVE A LIFE—

MAN'S HIGHEST DUTY

It always has been our contention that a peace officer is doing his highest duty when he is preventing crime.

Likewise we can appreciate a peace officer who can talk to a youth and prevent him from entering upon a life of crime.

Such a man, in our estimation, is Constable Jesse L. Elliott. Perhaps one of the best known officers in the county, Elliott's deeds and works among the young men of the county are least known. Many a youth has been taken into Jesse's office and given a fatherly talk. Nine times out of ten Jesse sends the youth away with a new slant on life.

We know of one case where a junior college graduate, down in the mouth because he was unable to find work, had acquired an inferiority complex. He wanted to continue his studies at the University of California. He needed money. He tried to find work. Then he gave up in disgust and was about to "thumb" his way back to New York.

And then it was that the youth met Jesse Elliott. A long heart to heart talk with the boy brought about a change of mind. Elliott pointed out the rough road ahead in a strange country, the temptations, and the greater difficulties in obtaining employment in the crowded New York area.

Today the boy has work. He's saving his money and eventually he's going on to college. Jesse helped the boy find himself. That's our idea of the highest duty of a peace officer, or any other man, for that matter.

CONGRATULATIONS

Congratulations are being extended G. W. Bassett today on his assuming the duties of secretary-manager for the Orange County Builders' Exchange.

At the same time congratulations should be extended that organization on obtaining the services of an executive of the caliber of Bassett.

The Orange County Builders' Exchange is and should be one of the most important business organizations in the community with its high ideals of maintaining business ethics in an industry that lives or dies on its ethics. The membership of the organization is representative of the highest type contractor in all lines of the building industry and their accomplishments, individually and collectively, constitute a bright page in the business history of this county.

Bassett, the new secretary-manager, is an executive well fitted to carry on the work of the organization. He has had a wealth of experience in business administration and, over a long period of contacts with the business world, both here and in the east, has achieved an unassailable record for honesty, efficiency and sound judgment.

COLLECTIVE BARGAINING

The crux of the collective bargaining dispute is whether or not the collective bargaining unit shall have the right to bargain for those who do not choose to have the collective bargaining unit bargain for them and whether those who do not choose to join the collective bargaining unit shall have the right to make a separate contract.

If they do, of course, they should have the right to make a contract to work for any length of hours, at any price, under any conditions they see fit and the collective bargaining unit should also have the right to work for any price, any length of hours and under any conditions they see fit.

The whole question is whether the collective bargaining unit has the right to prevent others from making their own contract. It certainly is taking away the right of the individual, to whom the collective bargaining unit cannot give a job, or the individual whom the unit feels is not getting a fair deal, to refuse to allow this man, or group of men, to make any contract he believes is to his best advantage; to refuse to allow this man to do so, is simply taking away from him the right to life, liberty and the pursuit of happiness. If it is a question of voluntary agreement, a collective bargaining unit cannot control those who do not choose to belong. It is only by force, by intimidation that they are able to force their will on those choosing to bargain for themselves.

When an individual does something, of which the collective unit does not approve, then in order to control him, the collective unit must of necessity have a right to expel this man for not obeying the will of the majority in the collective bargaining unit. It absolutely takes away from the minority their individual rights.

Few people, when they really understand

it, want to give up their individual rights and turn them over to the voting majority of the bargaining unit or to a group of people who have a different opinion of right and wrong.

There seems to be no question of the rights to collective bargaining, if the collective bargaining units do not insist on bargaining for others than themselves, but they invariably insist that no one must make a separate bargain; they insist on a monopoly—the right to limit the number who dare enter the unit; the right to expel; the right to tell those outside what they dare do and what they dare not do.

Collective bargaining as practiced invariably transcends individual rights and liberty (not license).

TIN CAN ALLEYS

California highways bid fair to be called "tin can alleys" unless the present habit of motorists to toss beer cans from cars is curbed in some way or other. Quantities of cans line the roads in every direction adding nothing at all to the beauty of the countryside but no doubt supplying a basis for future statistics of how many motorists drink beer, and how much, in a certain number of miles.

The general public may feel thankful beer in tin cans has replaced the once popular bottled variety for motorists, as tin cans no doubt are preferable to glass bottles along the sides of the roads. The passing of laws forbidding cigarettes being thrown from cars has brought about receptacles for ashes in nearly all vehicles. It may be that laws forbidding motorists throwing tin cans along the highways will evolve the invention of tin can holders for those who need them. Salesmen will have a new talking point, "equipped with the latest and handiest of beer can holders," ought to turn the trick when those who take along their beer are in the market for a car.

Anyway it's going to be interesting when some statistician really gets busy computing how many quarts of beer to the mile and how long it will be at the present rate of disposal before tin embankments will be formed along the roads.

CONGRATULATIONS "BIG BILL" COLE

Our hats are off to "Big Bill" Cole and to the Tustin High school basketball team.

As Eddie West says, to most people Tustin is "merely a bend in Highway 101" but when a little high school with an enrollment of not to exceed 400 wins the Southern California High School basketball championship the bend straightens out.

More than half the students at Tustin High school are girls, so the team that won the Southland championship came from less than 200 boys, fully 90 percent of whom probably never turned out for the team.

So it can be seen that Coach Bill Cole had to get more than talent to win the championship. He had to instill into the boys the urge to win and to win cleanly. Much of "Big Bill's" determination and sportsmanship was reflected by that little band that took team after team in stride and went on to the top.

Without the team of course Bill couldn't have gone very far, that's true, but many a coach could have taken the same team and never reached first base. So it's a combination of a plucky fighting team and a coach who is loved by his boys.

Tustin, a town of 1200 citizens, should be proud of its team and coach and all Orange county should pay tribute to the Farmers.

Congratulations again Bill and you boys who played a clean game throughout the season against great odds and won.

OF GREAT INTEREST TO ORANGE COUNTY

The announcement by the head of the Research Department of the California Fruit Growers' Exchange that Dr. A. J. Lorenz, research chemist, had discovered a vitamin in lemons which is believed to be of value in treating hemophilia, the mysterious malady known commonly as "easy bleeding", is of great interest to Orange county.

Things like this greatly benefit the customer and should make the growing of lemons more profitable. The way to make profit in any business is first to benefit the customer and show the customer how he can be benefited. If science is able to get elements from the lemon that will stop bleeding, it may save thousands of lives and, as a result greatly increase the use of lemons. More power to the chemists. They are our big benefactors.

GENERAL HUGH S. JOHNSON

WASHINGTON, D. C., March 16.—In all this furious debate about the President's judiciary proposal, one aspect of it is lost in the smoke of battle. That is its provision for putting system, speed and order into the lower courts and curing the absurd condition where, because of conflicting decisions on constitutionality, an act of Congress is law in one district and no law in another.

The condition to be remedied is appalling. We are not roused to rebellion over it because it has for so long been taken for granted and because of the traditional fetish of the judiciary system as a sort of sacred cow and the judges as holy

men subsisting in some rarified atmosphere sitting on empyrean peaks communing only with each other and God. The court must have respect if not veneration, if we are to maintain impartial non-partisan justice. But arbitrary inefficiency and a startling lack of system and order are not among the grounds of respect.

In his senate testimony, Mr. Cummings cited a federal district in which were pending 1593 cases. Of this number more than 1200 had been there more than a year, 1007 more than two years, 560 more than three years, 722 more than four years, 629 more than five years, 521 more than six years, 520 more

than seven years, 361 more than eight years, 307 more than nine years, 264 more than 10 years. Statistics may be dreary, but the story told by these figures is vividly shocking and is the whole truth.

While this is a federal court of first instance, these figures do not include the long periods of litigation in state courts and controversy elsewhere that undoubtedly elapsed in many of these cases before they reached the federal district court. They do not and cannot project the long and expensive journey many of these cases have yet to make through circuit courts

and perhaps finally, to the Supreme Court before a final decision is had.

In practical effect, it amounts to a substantial denial of justice on a broad front. Imagine the accumulation of fees, expenses and loss to litigants in some of these nine year cases. The condition is so bad that good lawyers frankly advise their clients to submit to almost any injustice or indignity rather than to set their feet on the long thorny, desolate path of federal litigation.

Why is such an intolerable condition necessary? Why should it take nine years or six or three or even one year to settle a law suit? The answer lies in the fact that there is neither very much organization nor very much method anywhere in the judiciary and it is entirely too complacent toward delay.

It is a decentralized organizational system but it is not tied together in any central directing authority in any such manner as in any business or any other govern-

mental organization. This loose-ness probably was intended to maintain the intellectual independence of the judges—and that must be maintained. But to do that, it is not necessary that the administrative system of its business, and the distribution of tasks should be left almost completely to chance—without form and void.

Such direction as there is, including the controlling function of appointment of judges, is in the hands of the attorney general who is not only purely a political officer, but also the principal litigator before the courts which he administers and appoints. Surely this does not tend to maintain the intellectual independence of the judges. The President proposes a reform of most of this antiquated abuse. Quite apart from the Supreme Court controversy, this aspect of his suggestion deserves enthusiastic and universal popular support.

HUGH S. JOHNSON.

Some Reasons Why State Rights May Be Lost

Register Clearing House

(The articles under the Clearing House are published for the purpose of an exchange of ideas and are not necessarily the opinion of this newspaper. Contributors are urged to confine their articles to 500 words.)

The Editor Register: It is hoped that subscribers who failed to read the letter by Mr. Charles P. Strain in the "Clearing House" of yesterday's (March 11) issue of The Register, will dig it up and read it thoughtfully.

In his letter Mr. Strain calls attention to some phases of this supreme court problem that the president failed to mention in his recent radio broadcasts on the subject. These facts should be considered before the people give their consent to permitting one of the three "plough horses" to climb into the driver's seat and crack the whip over the other two.

H. C. MOWER.

Editor Register: Why is it that there is so much opposition to the president's supreme court reform? Why is it that many people do not want him to carry out his plans? You do not suppose that those old Republicans have any reason to support his plan. They are trying in every way that they can to destroy the welfare of the people. The Constitution—Bah! That doctrine was written before the industrial revolution had effected America. We need changes. That is why the framers of this doctrine put in Article V for the purpose of making changes. Surely you would never find anything there concerning reckless driving because it did not exist. In the early days if a man could not find work he could move westward on a free farm given to him by the government, but we have no frontier today. Certain changes must be made.

Freud informs us that it is dangerous to repress a desire. We should get rid of it instead of pushing it aside and substituting another in its place. Such must also be done in the government. This is (in my estimation) the cause of the Russian revolution. The nobles knew that the peasants were growing conscious of their poverty and they pushed this thought aside instead of giving them a few more things in order to satiate them. Because of this, the entire machine exploded, and it is to a degree worse off today than

it was before the war.

What we must do is to make gradual changes to meet the needs of the new day. Otherwise we shall have a revolution. One of the ways to do this is to give the president power to put over the splendid program that he has in mind. Liberty is not what we want—CO-OPERATION is our great desire. Roosevelt does not aim for personal glory. He is only interested in aiding the common man. I then suggest that you write Sheppard, McAdoo, and Johnson (regardless of the statements they have made to the press) that they should stay with their leader in time of need.

CHESTER WAFFORD.

Dear Sir:—I am a new subscriber to The Register, and read with interest its editorials, and must say that it is more than fair in giving space under the Register Clearing House. It seems to me, that a Mr. Wooster would claim the spotlight in its columns. Now I am new in Orange county, and must admit a very slight acquaintance with its people.

I wonder just who this man is and something of his history and record in the way of employment? I see he uses the expressions, "intrenched interest," "Modern Lives," "Modern Priests," "Protecting privilege," "Judas and the Pinkerton Hirelings," "The Aged Supreme Court," etc.

Perhaps the most of us have never been molested by the Pinkerton Hirelings; they may be all that he describes; as for intrenched interests, surely he could not mean men like Bridges or Lewis or the Roosevelt-Parley men.

So here's to Mr. Wooster. And his master's voice. That makes him its booster. Let us all its praises sing. How about the people's choice? Can't we have him for king?

King Franklin, with Elinor, queen, Madam Perkins her lady in waiting.

Of this heavenly plan; anon: To complete the picture, We would have Prince John.

W. H. CROCKER.

Little Benny's Note Book

BY LEE PAPE

I was eating breakfast and pop started to open his mail, ma saying, "Who's that letter in the plane envelope from, Willyum? Not that I'm curious but I'd just like to know, she said."

The handwriting seems familiar, pop said. I wonder if it's from the person I suspect it's from, I hope not, he said.

And he opened the envelope kind of slow with his butter knife and started to read the letter saying, "The poor little woman, that's who it's from, all right. I bet she's already sorry that she ever wrote this, but anyway I just want pay any attention to it, he said."

Why Willyum what is it for land sakes, let me see, ma said, and pop said, "O, it's really not worth a 2nd thaw, the silly little thing should of known there are certain things that only a wife can attend to properly. The only gentlemanly thing to do is tear it up, he said."

Wich he started to, and ma said, Willyum Potts, hand me that letter, do you hear?"

And she tried to grab it but pop wouldn't leave her, saying, "After all it's addressed to me, but all right, I'll read it to you."

Wich he did, being Dear Mr. Potts, I know you will agree when I remind you that anything that makes domestic life smoother adds happiness to the home. My well established hand laundry, besides being justly famous for its scrupulous washing and ironing, makes a specialty of free darning and also replaces all missing buttons with our compliments. I feel sure you will show this to your wife with a word of commendation. Respectfully, Mrs. Lora D. Jenkins, The New Era Hand Laundry.

You crazy silly thing, give me that, it sounds like quite an idea, maybe I'll give her a trial, ma said, and pop said, "It's a woman's word and man is helpless."

And he opened the rest of his mail to himself.

What Other Editors Say

AGAINST PRESIDENT'S PLAN

Montgomery Advertiser, Montgomery, Ala.: The Advertiser has been an ardent supporter of Mr. Roosevelt since before his first nomination, although it has now and then disagreed with him vigorously. The Advertiser disapproves of that feature of his judicial-reform bill which has brought him under the suspicion that he desires to achieve personal control of the Supreme Court. It has warned him frankly that he is about to ruin his prestige and so destroy his usefulness in other directions. American public opinion is plainly shocked at his bold demand and may not come back to him if he does not have a care now.

—Grover C. Hall, Editor.

OUR CHILDREN

BY ANGELO PATRI

STRONG PARENTS

Children need to feel that their fathers and mothers are giants of accomplishment. "My father can drive a car better'n anybody in this whole town." "My mother is the prettiest in our church. And she can sing best, too." These are the boasts of proud children who feel strength in their parents. That feeling makes them stronger, gives them courage and a feeling of power. They must have that feeling of reliance upon their people if they are to thrive and function as healthy children ought to do.

That is why we should not let children know when we are worried. That is why we never let them hear us complain, see us cry, or hear us say: "I just can't go on." We must go on, and we must look as though we were succeeding at it, because our children have to feel our power behind them. They are relying upon us.

It is a great mistake to say to a child, "I don't know what to do with you." Or, before him, "I can't do a thing with that child." This is contrary to what a child feels his parents should be. He wants to think that they always know what to do and are able to do it. Oftener than not they are pretty well advised as to what to do, and quite able to do it. But the children consider what one says as important; so it is better to say nothing and look much when there is a hard problem waiting solution.

Never ask for pity from a child. That way failure lies, for he despises anyone he has to pity, especially if he is a grown person. "He is foolish," is his decision, and lacking other words for his feelings, let's it go at that. Never say, "You will bring my gray hairs to the grave if you go on like this." "You are making a nervous wreck of me." "My heart is broken to think I have a child who would do such things." These speeches only serve to drive the child further away. Weakness in

grown up people is something children hate to see. They always turn from it in disgust touched with fear. The strong tower on which they were leaning has fallen and betrayed their faith.

Children admire strength. They like to look at the big policeman just because he is so big and so strong. They like to look at an elephant for the same reason. They like to see the pictures that show strong men doing impossible feats. They like to picture themselves as bold and daring and all-powerful. They have no feeling of pity for the oppressed until they have first rejoiced with the oppressor. They learn to pity and sympathize only after experience, backed up by teaching at home and in school, has brought that feeling to their minds. They admire strength and power even when they are the victims. Have you ever wondered at the string of little boys following the bully of the neighborhood?

Be strong for the sake of the little ones who are drawing strength from your strength. Be strong for the faltering adolescent. Show him that when material things appear to go against him, when he appears to be failing, he still has the infinite power of the spirit, the same spirit that sustains you in time of need, to fall back upon. "Be strong in the Lord," is the strength that you cultivate in the adolescent child. There are times when the stoutest heart quivers. But will quivering help? Call on whatever strength you know, and for the children's sake and for your own, be strong.

Mr. Patri has prepared a special booklet (No. 301) entitled, "Obedience," in which he tells parents how to cope with the difficult problems of disobedience. Send for it, enclosing ten cents. Address your request to Mr. Angelo Patri, The Bell Library, care this newspaper, 247 West 43rd street, New York, N. Y. (Copyright, 1937, The Bell Syn., Inc.)

News Behind The News

By Paul Mallon

APPROACH—

WASHINGTON, March 15.—The little-noticed Guffey-Vinson coal bill is supposed to contain a hidden key to President Roosevelt's NRA revival plans. It passed the house last week without creating a ripple of interest. The debate dealt largely with extraneous matters. Leaders in charge neglected to offer the usual explanations of its provisions. Not even a record vote was taken. Nevertheless, those who know more than they say publicly about administration plans believe the measure is likely to prove the model bill for the new approach to price fixing, maximum hours and minimum wages.

Such a suspicion is bolstered by the announcements that John Lewis is now setting out to organize the electrical and oil industries. It has not been announced, but he also has his eye set on rubber, where the next break may come. His ally, Sidney Hillman, is going after textiles. The speed with which they are expanding is causing most observers to predict that the basic industries may be in his hands within a year.

If price fixing codes are established for each of these industries along the lines of the coal bill, Mr. Roosevelt would have practically a new NRA, without packing the supreme court or renewing the constitution.

FIXING—

This Guffey-Vinson bill goes the whole way of the NRA for the coal industry. It creates a national bituminous coal commission within the government, and puts a sales tax of one-half of one per cent on coal (raising about \$4,000,000 a year) to support the commission. Self-supporting regional code committees are established. The law is to be fixed, and if necessary, maximum prices. A code establishing unfair methods of competition and marketing practices is written in the bill.

The only thing left out is the unconstitutional labor provision, but there is a trick in that. The new price fixing is to be done on a basis of mining costs plus a fair return, and the bill says specifically that wage rates and hours of employment are to be considered in computing costs. That is all John Lewis will need.

The consumer may need something more. He is supposed to be protected by a consumers' counsel at the commission. The counsel will get \$10,000 a year as a roving attorney for the consumer, but his power seems to be mainly that of objecting publicly by reporting to congress.

CIRCUMLOCUTION—

The wording of the new law is the work, not entirely of the nominal authors, but also of former Assistant Attorney General John Dickinson. He tried the old Guffey case before the supreme court. Speaker Bankhead has announced his belief that the bill gets around the court's constitutional objections.

The fact is it probably will not get to the court for another year or two, if then. It is certain to pass the senate soon, but anyone who wants to sue will have to wait until he suffers some damages. If time and tide do not change the supreme

court before the bill gets to it, certainly Mr. Roosevelt will be more disappointed than he is now.

In view of all these considerations, many a congressional friend of Mr. R. doubts that he needs his court repacking program as much as he has been saying, at least as regards hours and wages. While there may be some doubts about his complete ability to fix farm prices under proposed legislation, there is certainly no doubt that he will fix coal prices, and coal hours and wages under the Guffey-Vinson bill.

AUTHORITY—

The power of any administration to work its will upon congress is illustrated again in the current predicament of Senator Wheeler, outspoken opponent of the president's court plan.

Mr. Wheeler is conducting a railroad financing investigation which is very near to his heart. He is running out of money, has requested \$150,000 more from the senate to carry on. The authorization was sanctioned by Sen. Jimmy Byrnes' committee on audit, but, instead of calling it up for action, Byrnes let it go to the calendar.

Whether it will remain on the calendar as long as Mr. Wheeler is opposing the court is now the question.
